

Senate Committee: Education and Employment

QUESTION ON NOTICE
Budget Estimates 2017 - 2018

Outcome: Skills and Training

Department of Education and Training Question No. SQ17-000913

Senator Cameron, Doug provided in writing

Trade apprentice/trainee numbers

Question

Trade apprentice/trainee numbers (unrounded) by electorate each quarter since September 2013 - gender, states, age groups, occupations, industry of employer, qualification

Answer

The requested data is provided in the following attachments:

- Attachment A – Apprentices and trainees by electorate (Trade) – Age
- Attachment B – Apprentices and trainees by electorate (Trade) – Gender
- Attachment C – Apprentices and trainees by electorate (Trade) – Industry
- Attachment D – Apprentices and trainees by electorate (Trade) – Occupation
- Attachment E – Apprentices and trainees by electorate (Trade) – Qualification
- Attachment F – Apprentices and trainees by electorate (Trade) – State
- Attachment G – Apprentices and trainees by electorate (Trade) – Total

The data has been sourced from the VOCSTATS Apprentice and Trainee collection database, administered by the National Centre for Vocational Education Research (NCVER).

In accordance with standard practice when using NCVER data:

- electorate is derived from the SA2 region for the apprentices or trainees address
- zero indicates a value of less than ten, and a dash (-) indicates a true zero value
- rounding means that the sum of the values will not equal the actual total.
