Dear [REDACTED]

As you may be aware, the completed Smartphone app has been forwarded to [REDACTED] and [REDACTED] today, in accordance with the amended delivery date for this project.

Please find attached:

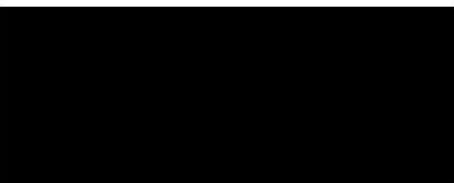

- Covering letter from the TWU [REDACTED] regarding completion of the project and upcoming educative activities
- App sample screenshots.
- Poster for distribution by TWU and others.
- Online form for submission of app to Apple for uploading.

A hard copy of these materials has also been forwarded by mail, as the scanned form do not entirely do justice to the colours. Alternatively, the core of this material can be viewed directly on the app as forwarded today.

I am advised by our technical consultant, [REDACTED] that this form must necessarily be filled in by the ultimate "owner" of the app, being the Office of the FWO. On completion and submission of the form, [REDACTED] can be contacted directly on [REDACTED] or [REDACTED] for advice on next steps to make the app 'live.'

It is anticipated that the provision of these materials, the upcoming educative campaign by the TWU and the uploading of the app on completion of the attached forms, collectively comprise completion of this project in accordance with the Service Contract. However please do not hesitate to contact me at any time should further information be required.

Kind regards,
