Department of Employment Question No. EM0992_15

Senator Ludwig provided in writing.

Question

Workplace Assessments

"Since Budget Estimates in June, 2014: How much has been spent on workplace ergonomic assessments? 1. List each item of expenditure and cost 2. Have any assessments, not related to an existing disability, resulted in changes to workplace equipment or set up? 3. If so, list each item of expenditure and cost related to those changes "

Answer

The department routinely arranges ergonomic assessments to prevent workplace injury and provide reasonable adjustments to employees as required. As assessments are arranged and paid for by local areas within the department, this information is not captured at an agency level and any attempt to provide the requested detail for each ergonomic assessment would involve an unreasonable diversion of departmental resources.
