**Question**

**SWA - Shared resources following MOG changes**

1. Following the Machinery of Government changes does the department share any goods/services/accommodation with other departments? 2. What resources/services does the department share with other departments; are there plans to cease sharing the sharing of these resources/services? 3. What were the costs to the department prior to the Machinery of Government changes for these shared resources? What are the estimated costs after the ceasing of shared resource arrangements?

**Answer**

Safe Work Australia has not been subject to a Machinery of Government change since its establishment in 2009. Safe Work Australia purchases a range of enabling and ICT services under a Memorandum of Understanding with the Department of Employment and Department of Education Shared Services Centre. Beyond this, Safe Work Australia does not directly share goods, services or accommodation with any other agencies.
