**ANSWERS TO QUESTIONS ON NOTICE**

Additional Estimates 24-28 February 2014

**Prime Minister and Cabinet Portfolio**

- e. To enable the programme to respond quickly and flexibly to the housing and infrastructure needs of remote communities, the former FaHCSIA used a number of selection processes to achieve the best outcome. These have included:
- Open competitive selection to the market place.
  - Restricted selection where there was a specialised requirement and there were few known organisations or delivery partners able to provide support.
  - Direct selection where an approach was made by the former FaHCSIA to an existing, high performing organisation, particularly if there was a need to respond urgently.
