

**Senate Finance and Public Administration Legislation Committee  
—Additional Estimates Hearing—February 2014**

**Answers to Questions on Notice**

**Parliamentary departments, Department of Parliamentary Services**

Topic: **Ministerial suites modifications**

Question: **164**

Hansard Page No **57**

**Date set by the committee for the return of answer: 11 April 2014**

**Senator SMITH:** Just in the interests of time, if you could provide on notice to me details of all office modifications that have been conducted in ministerial offices from 2010 to 2013, providing the date, the office that it occurred in and the nature of that modification and cost, that would be much appreciated.

**Ms Mills:** Yes, I am very happy to do that. Again, one of the successes of the building is that really relatively minor modifications have been made over time and, because each of the suites is consistently fitted out, our costs of relocating, for example, are minimised as a result of that. So, I am very happy to do so. It will not be a very extensive list, but I am certainly very happy to provide it.

**Answer:**

Minor repairs and maintenance have been carried out as below:
