2 As a matter of comity between the Houses neither House inquires into the operations of the other House. For this reason, neither the annual report of, nor the proposed expenditure for, the Department of the House of Representatives is referred to a Senate committee for review.

3 *Portfolio Additional Estimates Statements 2014-15*, Department of Parliamentary Services, p. 17.

1.6 Additional estimates and variations being sought for the Finance Portfolio relate to the Department of Finance and the Australian Electoral Commission.⁵

1.12 Senators sought an explanation for the late provision of answers to questions on notice from the Supplementary Budget Estimates 2014-15 round for the Department of the Prime Minister and Cabinet (PM&C), including questions relating to Cross Portfolio Indigenous Matters.⁶ The committee had initially set 5 December 2014 as the due date for answers and subsequently extended it to

6 *Proof Committee Hansard*, 23 February 2015, pp 79-80; and *Proof Committee Hansard*, 27 February 2015, pp 34-35.

31 December 2014.⁷ PM&C provided the responses at 5.26pm on 13 February 2015. Minister Abetz advised the committee that:

One of the reasons, I am told, for the 157 questions from the October 2014 hearings is that 85 of those questions were all-agency questions which required a lot of coordination between the various ministerial offices—and regrettably the Christmas leave period extended the period in which answers were provided.⁸

1.13 It was revealed at the Cross Portfolio Indigenous Matters hearing that the relevant answers were provided to the office of Minister Scullion for clearance on 19 November 2014 and an explanation was sought on the reason for the delay. Minister Scullion advised the committee:

...at this moment in time I am not able to throw light on that. All I can say is these circumstances will not happen again.⁹

1.14 The answers for the PM&C Portfolio Indigenous bodies were also provided on 13 February 2015, but required clarification from PM&C on the reason a number of answers were omitted. Further advice has been provided for some agencies, however, some answers remain outstanding.

Appearance of the Electoral Commissioner

1.15 During examination of the Australian Electoral Commission, the Secretary of the Department of Finance, Ms Jane Halton PSM, made comments during the committee's questioning of the Electoral Commissioner, Mr Tom Rogers.¹⁰

1.16 The committee notes that the Electoral Commissioner is the accountable authority of the Commission and he can determine whether and/or how to answer a question without direction.

1.17 The committee has written to Ms Halton to draw her attention to this matter.

Questions on notice and Hansard transcripts

1.18 The committee has set 10 April 2015 as the date for the return of answers to questions on notice arising from the Additional Estimates 2014–15 hearings. This information, together with the Hansard transcripts of proceedings of hearings, are published on the committee's website at:

7 The date for the return of answers to questions on notice was extended for all departments and agencies following the postponed hearing of the Finance Portfolio which was re-scheduled from 21 October to 20 November 2014. Notwithstanding the revised date, agencies were advised on 30 October 2014 that the committee would appreciate if the parliamentary departments, the department and agencies of the Prime Minister and Cabinet Portfolio, and the Department of Health for cross portfolio Indigenous matters, endeavour to meet the earlier date previously set by the committee of 5 December 2014, if possible.
