Senator: Ludwig Question reference number: F30 Type of question: Hansard Proof, F&PA Committee, Page 100, 9 February 2016 Date set by the committee for the return of answer: Friday, 1 April 2016

Number of pages: 2

Question:

Senator LUDWIG: I will just come back a little bit. From the 2014-15 work onwards, were there any contract variations to that? I am happy for you to take those on notice if you are not sure.

Ms Hall: There were a number.

Senator LUDWIG: Do you know how many? Do you have it there with you?

Ms Hall: I do not have that level of detail with me.

Senator LUDWIG: That increased the cost?

Ms Hall: Once the budget was approved, we would have varied the relevant contracts with the providers to include the additional scopes. There were a number of contracts—head contractor, design contractors. They were all on AusTender. We would have processed the variations. So I can get you the detail on notice.

Senator LUDWIG: That would be helpful. Thank you. You cannot recall how many contract variations there were during 2014 alone? Perhaps on notice you can take it by year or month as the case may be.

Ms Hall: Yes. In terms of breaking it down by period, we can certainly take that on notice. I can advise you that, in relation to the head contract for Manteena, there were 42 variations in total over the life of the contract.

Senator LUDWIG: And you cannot recall how many in the last—

Ms Hall: No. I do not have that detail.

Senator LUDWIG: Then I am happy for you to take it on notice...

Answer:

Contract variations for the Head Contractor contract with Manteena approved during 2014 and published on Austender, were:
