Finance	<p>It would require an unreasonable/excessive diversion of resources to provide an answer in the format sought. Much of the information already exists in the public domain through a range of avenues.</p> <p>For example, Commonwealth public works which are estimated to cost more than \$15 million must be referred to the Parliamentary Committee on Public Works (the PWC). The PWC inquires into and reports to the Parliament on each public work referred to it. The PWC's reports can be accessed via the following link:</p> <p>http://www.aph.gov.au/Parliamentary_Business/Committees/Joint/Public_Works</p> <p>Leasing and occupancy information is available via the Australian Government Property Data Collection (PRODAC). PRODAC provides a central database on the office space leased and owned by the Australian Government. The most recent Australian Government Office Occupancy Report sets out the occupational density for non-corporate Commonwealth entities against the current target of 14 square metres of office space per occupied workpoint. The Report can be accessed via the following link:</p> <p>http://www.finance.gov.au/sites/default/files/australian_government_office_occupancy_report.pdf</p>
