2 As a matter of comity between the Houses neither House inquires into the operations of the other House. For this reason, neither the annual report of, nor the proposed expenditure for, the Department of the House of Representatives is referred to a Senate committee for review.

3 *Journals of the Senate No. 137*, 4 February 2016, p. 3720.

4 The Digital Transformation Office was transferred from the Communications and Arts Portfolio to the PM&C Portfolio on 21 September 2015.

Committee conclusion

1.13 The committee held an additional hearing for the first time in this Parliament. This additional hearing was required to complete examination of outstanding areas within the PM&C Portfolio. In accordance with procedural order of continuing effect No. 9A, this hearing could have been held on the Friday of the week in which the committee held its estimates hearings. However, the Cross Portfolio Indigenous hearing was scheduled for the Friday of the estimates week in accordance with the

program for estimates hearings agreed by the Senate on 10 November 2015.⁷ Given this constraint, the committee needed to schedule the additional hearing at a later date and 22 February 2016 was agreed.

1.14 As a result of these scheduling issues, the committee has agreed to examine opportunities to consolidate its estimates program.
