Topic: **Works undertaken in PM's office and cabinet suite**

Question: **42 – amended**

Hansard Reference **p 84, 85; 25 May 2015**

Date set by the committee for the return of answer: 10 July 2015

Senator WONG: What about since September 2013? Can you tell me the costs in relation to works undertaken in the Prime Minister's office and the cabinet suite, in particular equipment, renovations furniture and furnishings.

Mr Skill: For that specific detail, I would have to take it on notice. There were some works undertaken during that time in the Prime Minister's suite—

Senator WONG: No-one here can tell me what has been done in the Prime Minister's office or the cabinet suite? Seriously?

Mr Skill: For that specific period—

...

Senator WONG: Senator Faulkner asked last time a lot of questions about the previous financial year. Have all answers been provided. I am sorry I—

Mr Skill: They have all been provided in our response.

Senator WONG: Have you got them here or can you give me the reference and I will look them up?

Mr Skill: Question 191 of the October 2014 Senate estimates goes to full detail around the works that we have done in the Prime Minister's suite. There is also question 192 of the same area that went to some questions around fabrics et cetera that were used in that space.

...

Senator WONG: So, for the status A areas, you are looking at about \$50,000; non-status A, \$52,000; and then the cabinet area, status A, \$31,000. Can you just update this?

Mr Skill: Update the figures?

Senator WONG: Yes. These go to January 2014. You have given me from July 2014. What is between January and July?

Mr Skill: I am not aware of there being any refurbishment-type works, as per the ones that you are looking at in the column there, in that period, but we will certainly—

Senator WONG: Why do you keep narrowing it? I just want to know what money was spent.

Mr Skill: I can respond and give you a total figure of how much was spent in the Prime Minister's area from that date to that date.

Senator WONG: Thank you—in the same categories that you have helpfully done here. I would appreciate that, Mr Skill.

Mr Skill: We can certainly do that.
