Recommendation 10: The Committee recommends that prior to each estimates hearing, DPS provide the committee with the following information:

- the total number of editors employed by Hansard and a breakdown of those numbers into trainees and trained editors;
- the breakdown of the number of editors who are employed full-time, part-time and casual;
- the total number of chamber and committee turns transcribed by Hansard since the previous estimates update and the number of those turns which were subedited;
- where there has been a decision not to subedit turns, the reasons for that decision; and
- an update on the work of the Hansard forum.

Department's update prior to 2016 Budget Estimates:

1. The total number of editors employed by Hansard and a breakdown of those numbers into trainees and trained editors:

As at May 2016, Hansard has 58 permanent editing staff.

Permanent/ongoing Editing Staff	58
Trained editors	33
Trainee editors	25

- Of the trainee editors, all are participating in Hansard's editor training program with:
 - One having completed seven of the eight training units;
 - Two having completed six of the eight training units;
 - Ten having completed five of the eight training units;
 - Seven having completed four of the eight training units; and
 - Five having completed between one and three of the eight training units.

Hansard also has 14 casual editing staff to assist during times of increased work load.

Casual/non- ongoing Editing Staff	14
Trained editors (former Hansard editors)	6
Trainee editors (former Hansard trainees)	2
Transcribers	6

2. The breakdown of the number of editors who are employed full-time, part-time and casual:

Permanent/ongoing Editing Staff	Total	Trained	Trainee
Full time	23	21	2
Part time	9	9	0
Sessional part-time (working 39 weeks per year)	15	2	13
Sessional part-time (working 25 weeks per year)	11	1	10

Casual/Non-ongoing Editing Staff	14
---	-----------

3. The total number of chamber and committee turns transcribed by Hansard since the previous estimates update and the number of those turns which were subedited:

Number of chamber turns transcribed between 26 January 2016 and 20 April 2016	Approximate number of chamber turns subedited*	Approximate percentage of chamber turns subedited
3,649	1,723	47%

* This data includes turns subedited and turns opened to make pinks and greens corrections

Number of committee turns transcribed between 26 January 2016 and 20 April 2016	Number of committee turns subedited	Percentage of committee turns subedited
8,670	3,817	44%

4. Where there has been a decision not to subedit turns, the reasons for that decision:

Chamber subediting - as trainees progress through the Hansard editor training program, and the ratio of trained editors to trainee editors in turn increases, the subediting of trained editor turns will continue to be progressively reintroduced on other days.

5. An update on the work of the Hansard forum:

Activities initiated/undertaken by the Hansard Forum in 2016 include:

- A Hansard Style Council was initiated, following feedback from editors. This group will undertake a major revision and update of the Hansard Editing Style Guide and will provide greater consistency in style and headings decisions and more regular updates to the guide.
- A project has been initiated to replace Hansard's *Macquarie Dictionary* application with the online *Macquarie* (to ensure currency).
- The Hansard chamber form (chamber procedure) group, which provides training and acts as a ready resource for Hansard staff, has met three times since February 2016.

Recommendation 14: The committee recommends that DPS provide the committee with a list of the recommendations that it intends to implement from the Sandwalk review and, prior to each estimates hearing, provide the committee with an update on the implementation of those recommendations.

Department's update prior to 2016 Budget Estimates:

See attached table: 'Sandwalk Partners Review: Review of the Visitor Experience at Australian Parliament House: Directional Strategy for a New Visitor Experience (September 2013)'.

**Sandwalk Partners Review: Review of the Visitor Experience at Australian Parliament House: Directional Strategy for a New Visitor Experience
(September 2013)**

(Note: changes since DPS's last summary to the Committee in February 2016 are highlighted)

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
1. Visitor Numbers and Profile	1a. Visitor Counting: Contradictions in the available visitor data make the task of developing strategies to grow visitation more difficult, particularly in terms of setting sales and marketing strategies and measuring outcomes. Visitor counting needs to be supplemented with additional data collection to allow better segmentation of data and understanding of motivators, needs and wants.	Accepted	Complete. DPS has developed a more accurate method of counting visitors through the main entrance due to adjustments with magnetometers and a process of removing pass swipes from the visitor count. In August 2015, new visitor cards were implemented to obtain more accurate and timely visitor satisfaction results, particularly across the three areas of general visitors, school tours and DPS events/tours.
	1b. Origin Markets: An accurate understanding of the market of origin of visitors is needed to allow strategic decisions to be made on sales, marketing and promotional activity and spend. Ongoing and accurate data collection needs to be incorporated across the available visitor touch points.	Accepted	Partially complete. Completion expected by mid-2016. Postcodes are currently collected from visitors through the visitor cards and customers of The Parliament Shop. The new Shop point-of-sale (POS) system will include a basic customer research program which will record customer postcodes. The operator can ask the customer questions such as their Australian postcode or country of residence for foreign visitors when they are purchasing items. Customers can choose to not to provide this information. The POS system is due to be in place by mid-2016.

2. Overall Visitor Experience	2a. It is important that visitors are properly welcomed, oriented and informed on arrival. Signage and way-finding tools including digital signage or projections are needed to help visitors navigate, interact with and get the most out of their visit.	Accepted in principle	<p>In progress. Timing for completion to be advised.</p> <p>A new map for visitors setting out key areas to visit has been available from mid-October 2015.</p> <p>DPS appointed Emery Studio to undertake a review of all the existing signage in the precinct. The review examined the requirements for visitors, occupants and events. Included in the review is a strategy for digital signage and new processes. The Wayfinding and Signage Strategic Overview was completed on 1 April 2016 as Stage 1 of the project. Stage 2 of the project will commence shortly to address priority recommendations including design elements and an update of the Graphic Style Manual.</p>
	2b. Providing a diverse array of potential experiences, allowing individuals to choose the story or narrative of Parliament House that they are most interested in, assisting the visitor journey with maps and signs and interpreting what they are seeing so that they better understand it, will create a more compelling and memorable experience.	Accepted	<p>Complete.</p> <p>A new suite of tours that provide choice of stories and themes throughout the year have been offered since the beginning of 2014 and are linked directly to the event and exhibition program. Currently five free and three paid tours are offered each day. Additional tours are offered to meet demand related to public holidays, peak visitation periods or special anniversaries such as ANZAC Day.</p> <p>The tours will continue to be linked to the events, collections and exhibition program.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	<p>2c. Children's Content: Developing child friendly content is essential for engaging families. The existing resources of the PEO, as well as the current schools tour content, should be used to develop authentic and meaningful content for a child friendly experience.</p>	Accepted	<p>Partially complete. Completion in mid-2016.</p> <p>The Magna Carta family role play tour was trialled successfully in early 2015, and the new tour has run since June 2015 to coincide with Magna Carta 800th anniversary celebrations.</p> <p>A new family self-guide activity trail map based on Magna Carta has been available since mid-October 2015. The PEO has provided advice on the development of the Magna Carta role play tour and the trail map.</p> <p>DPS is collaborating with the PEO on a learning research project being undertaken by the National Capital Educational Tourism Project and the University of Queensland, with data collection to be completed by the end of 2015. Analysis of data has been delayed by a month and is now scheduled to be completed in April 2016 with a final report to be presented in May 2016. The research aims to determine the level of positive impact of school visits to the national capital on students' knowledge and active engagement with civics and citizenship. This information will assist DPS to continue to develop and monitor the tours it offers to school groups.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	2d. Queens Terrace Café: Quality of the offering, service and ambiance of The Queen's Terrace Café should be improved, and the Terrace area leveraged better for day-time visitors and night-time events to unlock significant value from this venue, as part of the visitor experience and as a generator of revenue.	Accepted in principle	<p>Partially complete. Completion expected in 2016.</p> <p>The Queen's Terrace Café has been refreshed with a new selection of artwork from the Parliament House Art Collection. The cafe offering has been included in promotion of Festival events at APH including Enlighten and Floriade.</p> <p>DPS monitors the contractor's performance. Difficulties with the ambience need to be dealt with by collaboration between DPS and IHG. The new IHG APH catering manager has been asked to submit a proposal to improve all aspects of the offering and service.</p> <p>DPS has engaged consultants to develop a food, beverage and retail strategy for APH. This will include consideration of options to improve food and beverage offerings at APH, including at the Queens's Terrace Café.</p> <p>The feasibility of and options for use of the Café as a restaurant outside normal APH opening hours will be examined as part of the food and beverage strategy. Consideration by DPS would include security implications and the cost to DPS of supporting out-of-hours access.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	2e. Parliamentary Shop: The Shop should be a place where officially licensed and authentic gifts and meaningful mementos can be purchased (onsite and online) to properly integrate it into the visitor experience and unlock commercial value.	Accepted	<p>Complete.</p> <p>Since 2013 the Shop product mix has been reviewed with new products being offered that have a much stronger link to the APH experience. A range of stock is directly linked to the Australian Parliament House collections and exhibition program – whether that be postcards featuring the art collection, exhibition catalogues, tea towels or jigsaw puzzles featuring the building or collection objects. The Parliamentary Library provides expert advice to select most of the publications for the Shop.</p> <p>The Parliament Shop has become a signatory to the Indigenous Art Code to ensure that all products featuring indigenous content are sourced ethically.</p> <p>DPS will continue to review the products for the Shop and to link these with the APH experience.</p> <p>DPS has enhanced the structure of The Parliament Shop by upgrading and recruiting for the position of Shop Manager, and establishing a new non-ongoing position of Merchandise Manager to improve the product offering.</p>
3. Guided Tour Experience	3a. Management and Staffing: Based on the final recommendations of the completed review there will need to be an assessment of the appropriateness of the current structure, resourcing levels and capabilities to ensure that the new direction can be delivered to required standards.	Accepted	<p>Complete.</p> <p>DPS is currently implementing a new staffing model for the VSOs which has increased staffing from 14.1 to 16.7 FTE. This model includes a mix of full-time and part-time VSOs supported by casual staff. The model aims to ensure there are sufficient resources to manage all visitors to APH and to offer a varied program of high quality experiences, especially more guided tours.</p> <p>Recruitment for the 8 new full time positions is completed. New VSOs commenced in December 2015 and January 2016.</p> <p>The Visitor Experience section has commenced the assessment of the new structure. The assessment is expected to be complete by 30 June 2016.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	3b. Tour Technology: There is significant existing digital content at Parliament House, and more being produced, which should be leveraged to enhance the tour using appropriate technology.	Accepted	<p>Partially complete. Completion expected in 2016.</p> <p>New digital content has been placed on the Visit Parliament website and the pages are being re-designed to significantly improve the online experience.</p> <p>A self-guide mobile application was under development. However, technology is progressing rapidly and we are assessing the best tool to provide visitors with a self-guide experience. New digital products that interpret works on display and lead visitors through the public spaces and to the chambers will be progressed in tandem with the redevelopment of the Visit Parliament House website.</p>
	3c. Tour Quality: Scripting of content and standardised key messages should be supported by training VSOs to ensure that they are able to deliver approved content while retraining and utilising their individual flair and personality. This should be reinforced through ongoing staff assessments as part of the formal performance review process.	Accepted, but noting that tours are not fully scripted.	<p>Complete.</p> <p>Up-skilling staff through specialised training in customer service and interpretation has been implemented; agreed content and routes for tours are in place; and training for VSOs to deliver new tours and programs is ongoing. There is an assessment mechanism in the VSO performance framework as well as mentoring and peer assessment from the VSO cohort. Evaluation of new tours is ongoing.</p> <p>Tours are not fully scripted but all tours have approved content and routes. There is some scope to vary the script depending on the interest of the tour group, access due to parliamentary sittings and the knowledge strengths of the VSO.</p>
	3d. Meeting Demand: A future model for guided tours will need to find a better balance of meeting customer demand, controlling costs through efficiency, and delivering a quality visitor experience.	Accepted	<p>Complete.</p> <p>Tour averages vary throughout the year due to fluctuations in visitation influenced by the sitting calendar, school tour demand and school holiday periods. During high visitation periods during the middle of the year the VSO staff can undertake eight public tours, four private tours and 20 tours for school groups on a typical day. Three of the public tours are paid themed tours which are linked with events, collections, significant anniversaries and the exhibition program. Visitor satisfaction with APH and tours is currently very high.</p> <p>The number and nature of tours will continue to be assessed on an ongoing basis.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	3e. Meeting Visitor Needs: There needs to be a closer match between visitor needs and expectations and the tours being delivered. Different languages, interest and desire for engagement should be drivers of new experience development.	Accepted.	<p>In progress. Timing for completion to be advised.</p> <p>DPS is considering which brochures, guides and maps should be in foreign languages and which key languages need to be catered for. DPS will also consider what foreign language utility might be required for any digital products to be developed in tandem with the Visit Parliament website. This will be detailed in a foreign language strategy to be developed by the Visitor Experience section.</p> <p>It is anticipated that a map and guide translated into Simplified Chinese will be available to the public by 30 June 2016.</p>
4. Self-guided Experience	4a. Interpretation: A solution is needed to provide the majority of visitors to Parliament House a way to manage their own journey but still be informed, engaged and entertained, in a way which is entirely consistent with the design and architectural sensitivities of the building.	Accepted	<p>Partially complete. Completion expected in 2016.</p> <p>A new hard copy map and guide has been available since mid-October 2015.</p> <p>An interactive multimedia kiosk featuring information on parliamentarians who have served in the military during conflict was installed in the public area on 11 November 2015 for the duration of the Centenary of ANZAC. The kiosk was recently updated with information on parliamentarians who served during World War Two and will be updated to include post-1945 conflict and peacekeeping operations.</p> <p>All static displays are currently being reviewed to see if there is capacity to create interactive exhibits that will allow visitors to find more information about their parliamentarians and the work of Parliament.</p> <p>A new design approach for the Visit Parliament webpages on the APH website has been approved. The redesign of the Visit Parliament web pages is planned to be completed by late 2016. New digital products that interpret works on display and lead visitors through the public spaces and to the chambers will be progressed in tandem with the redevelopment of the Visit Parliament website.</p>

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	4b. Changeable Content: A new visitor experience needs to find the balance between the activity of sitting days and the need for additional interaction at other times. Creating the optimal visitor experience for both periods is key.	Accepted.	Complete. Eight public tours are scheduled each day. Three of the public tours are paid themed tours which are linked to the collections, events, significant anniversaries and the building's heritage. During non-sitting periods these paid tours include behind-the-scenes content which provides an opportunity for visitors to have a different valuable experience. Tour content is also varied to reflect special events—for example, courtyard tours during Floriade and Unconformity tours during Enlighten.
5. School Tours	5a. School Tours: The confusion which some schools are experiencing as a result of the lack of coordination strongly suggests that one body should control and coordinate the entire schools programme and that the coordinating body should be the PEO. The PEO should be moved into the Parliamentary Experience Branch of DPS to take control of all aspects of school tours.	Response deferred	DPS's response to this recommendation is deferred pending consideration of any recommendations arising from the inquiry by the Joint Standing Committee on Electoral Matters into <i>A matter arising from the 2013-14 Annual Report of the Australian Electoral Commission, namely the delivery of electoral education</i> . DPS continues to work closely with the PEO in the Department of the Senate and the Serjeant-at-Arms (SAA) to improve coordination of school tours through the new booking system implemented by the Chamber Departments.
6. Exhibitions and Community Engagement	6a. Exhibitions: Exhibitions and public displays should be integrated into the broader visitor experience and critical to this is the consolidated control of content curation and experience delivery.	Accepted.	Complete. This has been implemented with the formation of an integrated program of exhibitions, events and programs since early 2014 which includes specific exhibitions and displays for NAIDOC and Reconciliation Weeks. DPS Art Services has been rebranded as DPS Art Collection & Exhibitions and this section has assumed responsibility for the development, curation and delivery of exhibitions and displays within the public areas. DPS Products & Programs staff are responsible for curation of an accompanying suite of events and public programs and content for the Parliament Shop.

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	6b. Public Programming: The feasibility of developing a programme of public events should be explored as a vehicle of greater community engagement.	Accepted.	Complete. This has been implemented with the formation of an integrated program of exhibitions, displays, events and programs, including for Floriade, Enlighten, the Magna Carta 800 th anniversary, the Centenary of ANZAC, NAIDOC and Reconciliation Weeks and the Heritage Festival.
	6c. Volunteers: The feasibility of utilising volunteers as a means for community engagement and outreach should be explored.	Not accepted.	DPS proposes to have the VSOs continue to deliver tours.
7. Marketing and Promotion	7a. Promotion: As a new visitor experience is developed and launched, and as Parliament House becomes more engaged with the community and driver of event activity, a coordinated marketing and communications strategy will be needed to properly engage with the potential visitor audiences.	Accepted.	In progress. Implementation has commenced with a more integrated program of exhibitions, events and programs; and the marketing of activities by DPS communications staff. Work is continuing to develop a longer term forward program to ensure that market and product development can occur in a timely way. The 2016 program of exhibitions and community engagement events and programs have been approved by the Presiding Officers Further refinement work will continue to be undertaken on marketing and communication strategies.
	7b. On-line & Social: To provide an online welcome, and to stage a dialogue with visitors via social media, the marketing and communications plan should incorporate the development and management of a Visit Parliament House micro-site and social media strategy.	Accepted in part. The creation of a Visit Parliament House micro-site is not accepted.	Partially complete. Completion in 2016. A new design approach for the Visit Parliament webpages on the APH website has been approved. The redesign of the Visit Parliament web pages is planned to be completed by late 2016. The Department has recently commenced marketing and communications through social media channels and will integrate these with the proposed Visit Parliament website in 2016.

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	7c. Tourism Industry: A tourism industry engagement strategy will be central to maximising the benefit derived from Parliament House and developing a world class visitor experience and making it the flagship of ACT Tourism.	Not accepted. There will not be development of a separate tourism industry engagement strategy.	DPS will address the spirit of this recommendation in the marketing strategies developed for each major event or program. Engagement with tourism bodies, including ATEC, NCAA and Visit Canberra, is underway and ongoing. A new APH promotional brochure was distributed to ACT tourism outlets in July 2015 and reprinted and redistributed in November 2015. APH participated in the Visit Canberra social media promotional Human Brochure and 101 Humans. Also APH activities continue to be aligned with festivals and major events e.g. Floriade, Enlighten, Canberra and District Heritage Festival.
8. Food and Beverage and Retail	8a. Retail Range Development and Integration: Business development plans and 360° integration of retail on and off site are needed to enhance the visitor experience and optimise commercial returns. With the required management structure and resource support, a targeted range and effective sales strategy the retail store presents a significant brand development and commercial growth opportunity.	Accepted.	In progress. Timing for completion to be advised. The food and beverage strategy and the retail strategy has been completed by The Maytrix Group. The Presiding Officers have been briefed on the Food and Beverage Strategy and further consideration of the strategy and implementation options is ongoing. DPS has yet to brief the Presiding Officers on the Retail strategy and make recommendations about options for future retail activity.

Recommendation No. / Category	Recommendation	Response to the recommendation	Progress to date / comments
	8b. F&B Integration: Similarly, development plans and 360° integration are required to enhance the visitor experience and optimise commercial returns from this key channel. The Queen's Terrace Café should be positioned to present and promote ACT growers and produce with integrated and targeted offers. Engagement can be broadened through encouraging visitors to participate in celebratory menus and at targeted culinary events.	Accepted	<p>In progress. Timing for completion to be advised.</p> <p>The current caterer, IHG, sells local produce in the Queens Terrace Café where possible; however this has not been actively promoted.</p> <p>The food and beverage strategy and the retail strategy have been completed by The Maytrix Group. The Presiding Officers have been briefed on the Food and Beverage Strategy and a way forward has been endorsed. A meeting with IHG to advise them of DPS intentions has been scheduled for May 2016 and further consideration of the strategy and implementation options is ongoing.</p> <p>DPS has yet to brief the Presiding Officers on the Retail strategy and make recommendations about options for future retail activity.</p>
9. Organisational Structure		Accepted.	<p>Complete.</p> <p>The Parliamentary Experience Branch was created to facilitate this work and to work closely with the other parliamentary departments. The Chamber Departments, Library and the PEO are consulted and provide input during the creation of new content for visitor experiences.</p>
