#### **Date set by the committee for the return of answer: 7 July 2017**

Between 1 July 2016 and 1 June 2017, what enhancements have been made to the performance reporting framework to improve operations?

#### **Answer**

In the first six months of the 2016-17 financial year a gap analysis was undertaken to ensure all elements of DPS strategic objectives were covered by performance measures. As a result of this work, additional performance criteria were developed for inclusion in the 2017-18 Portfolio Budget Statements and Corporate Plan in the areas of security and delivery of the Parliament House Works program.

Review of existing performance measures commenced concurrently with the gap analysis and is ongoing. As a result changes have been made to the design integrity measures in the 2017-18 Portfolio Budget Statements.
