

**Senate Finance and Public Administration Legislation Committee  
—Supplementary Budget Estimates Hearing—November 2013**

**Answers to Questions on Notice**

**Parliamentary Departments: Department of Parliamentary Services**

Topic: **Contracts**

Question No: **126**

Hansard Page No: **42**

**Date set by the committee for the return of answer: 17 January 2014**

**Senator FAULKNER:**...What I would like to do, please, is ask if you can provide, on notice, effectively an update from the DPS annual report on contracts. Would that be possible?

...

**Senator FAULKNER:** I am personally interested in, for example, visitor services contracts—any in that area—and security services and the like. But to save time today, if a list could be provided in the broad, that might save us a great deal of time...

...

**Senator FAULKNER:** appreciating that obviously it is a question of updating from the time of the annual report to a reasonable time—

**Ms Mills:** The first quarter of this financial year?

**Answer**
