Question:

Senator GALLAGHER: What would be the rough cost associated with doing this report? Is it on AusTender?

...

Mr Greenslade: We have a contract that is spread over time, so it might be hard to pin on the particular report. Could I take that on notice, please?

Answer:

The cost of producing the 2014 Long Term Cost Report was \$198,500 plus GST.

The report is produced as part of a contract for actuarial services for the PSS and CSS schemes. This contract is on Austender (CN123812).
