**Supplementary Budget Estimates 19-23 October 2015**

**Prime Minister and Cabinet Portfolio**

**Department/Agency:** Department of the Prime Minister and Cabinet  
**Outcome/Program:** Outcome 2: Indigenous  
**Topic:** IAS – Outside the grant round

**Senator:** Senator Rachel Siewert

**Question reference number:** 52

**Type of question:** FPA Friday 23 October 2015, pages 24 & 25

**Date set by the committee for the return of answer:** 4 December 2015

**Number of pages:** 324

**Question:**

Mr Eccles: Outside that, they have been sorted and we can give you an update about 94 per cent of contracts having been executed et cetera. Outside that, funding continues to flow to community groups, communities and others. Our computer systems are not ideal, I need to confess, but there is no reason why we cannot provide you with, for example, contracts entered into with this provider for this amount of money to achieve this outcome.

Mr Tongue: I might add that we are aware of the frailties of our commuter systems. We have an internal project in PM&C to redesign completely and make more transparent all the funding that is going out. We recognise that we have a problem there.

Senator SIEWERT: Okay, thank you. First off, that would help the inquiry. As I said, I am trying not to traverse what we are doing there too much. But that sort of list for the grants would help tremendously—

Mr Tongue: Yes, okay.

Senator SIEWERT: Location, grant, how much and to which organisation—

Senator McLUCAS: For what purpose.

Senator SIEWERT: And for what purpose.

Mr Tongue: We can deal with that.
