

**Senate Finance and Public Administration Legislation Committee**  
**ANSWERS TO QUESTIONS ON NOTICE**  
**SUPPLEMENTARY BUDGET ESTIMATES 2016-17**

Finance Portfolio  
18 October 2016

**Department/Agency:** Department of Finance

**Outcome/Program:** 2/2.5

**Topic:** Statistics on fleet vehicles – as at June 2016

**Senator:** Gallagher

**Question reference number:** F31

**Type of question:** Hansard Proof, F&PA Committee, Page 81, 18 October 2016

**Date set by the committee for the return of answer:** Friday, 2 December 2016

**Number of pages:** 7

**Question:**

**Senator GALLAGHER:** Returning to the vehicle fleet—I remember this because we had to answer questions about fleet at a local level—I was of the understanding that that was data that was reported six-monthly at the time, as opposed to being a mechanism going out to market. Could you check that for me.

**Mr Sheridan:** I note that at the last estimates we answered some questions on notice about the fleet. In fact, it was question F160, where Senator Wong asked specific details about the fleet, both in June 2015 and December 2015. That answer, I think, has pretty much all the detail that you are looking for.

**Senator GALLAGHER:** In terms of the reporting of fleet statistics?

**Mr Sheridan:** Indeed it does, yes.

**Senator GALLAGHER:** Do you maintain your view that the fleet statistics as they were outlined back in 2012-13 was really the information that was provided once for approach to market?

**Mr Sheridan:** The overall thing, yes. In the question last time we answered specifically the detail in June 2015 and December 2015. We could answer the question for you at June 2016, if you want to put it on notice.

**Senator GALLAGHER:** I do.

**Mr Sheridan:** We shall.
