

Senate Finance and Public Administration Legislation Committee
ANSWERS TO QUESTIONS ON NOTICE
Supplementary Budget Estimates 2016 - 2017

Prime Minister and Cabinet Portfolio

Department/Agency: Department of the Prime Minister and Cabinet
Outcome/Program: Outcome 1: Prime Minister and Cabinet
Topic: Facilities upgrades

Senator: Bilyk, Catryna

Question reference number: 133

Type of question: Written

Date set by the committee for the return of answer: 2 December 2016

Number of pages: 6

Question:

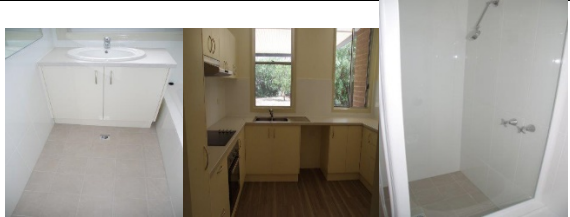

Have the facilities of any of the Department's premises been upgraded since 1 January 2016, for example, staff room refurbishments, kitchen refurbishments, bathroom refurbishments, the purchase of any new furniture, fridges, coffee machines, audio visual facilities or any other equipment including kitchen equipment and utensils?

If so, can a detailed description of the relevant facilities upgrade please be provided together with an itemised list of costs? Can any photographs of the upgraded facilities please be provided?

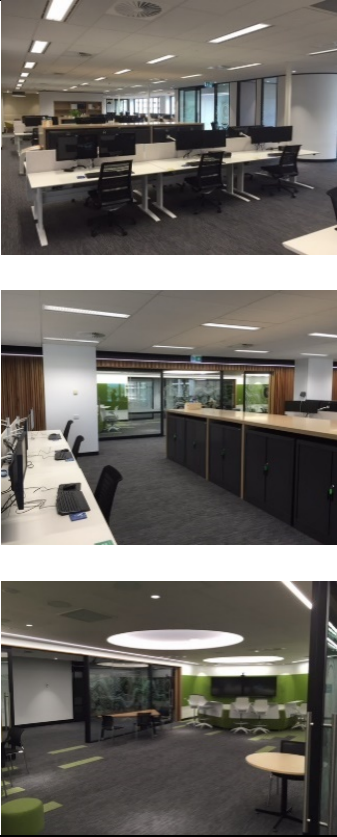

Answer:

The Department of the Prime Minister and Cabinet (PM&C) manages approximately 500 buildings in 110 locations across Australia. PM&C has upgraded the facilities at a number of locations since 1 January 2016. A list of the upgrades is tabled below. The table outlines a project description, project costs, and where available, furniture costs. It is an unreasonable diversion of resources to itemise a list of costs for all works undertaken for each upgrade.

Projects undertaken since 1 January 2016	Brief Description	Total Cost of Project	Furniture Cost of Project	Photo
Lot 608 Wadeye, Northern Territory	Replacement of two prefabricated structures with a new prefabricated building for staff in Wadeye, NT. This included removal of the existing structure, construction and installation of the new building and internal fit-out and furnishings including, kitchen, bathrooms and electrical items.	\$460,854	\$13,364
