

Senate Finance and Public Administration Legislation Committee
ANSWERS TO QUESTIONS ON NOTICE
Supplementary Budget Estimates 2016 - 2017

Prime Minister and Cabinet Portfolio

Department/Agency: Department of the Prime Minister and Cabinet
Outcome/Program: Outcome 2: Indigenous
Topic: Remote Housing Strategy

Senator: Dodson, Patrick

Question reference number: 189

Type of question: Written

Date set by the committee for the return of answer: 2 December 2016

Number of pages: 18

Question:

1. Can you please outline the nature of the new Remote Housing Strategy, and what key differences there are between this new programme and the one it replaced?
2. What funding is allocated to this Strategy? When will that funding expire?
3. In the 2015 Budget paper, it says that \$1.1 billion will be transferred to the new programme, but the programme website says only \$777 has been allocated to this programme. Can you please explain the difference?
4. How many houses in each state have been built or refurbished since the new programme was implemented?
5. Does the new programme have construction and refurbishment targets? What are they? Please provide the past and future targets.
6. Have these targets been met in every state and territory in all months since the programme was introduced?
7. Can you please provide the details of which states and territories have/have not met their targets?
8. Can you please provide a breakdown of the number of houses built, and the number of refurbishments, in each year and in each community since the NPARIH was first signed in 2008.
9. Prior to the ceasing of National Partnership Agreement on Remote Indigenous Housing, had all targets been met in each year?

Answer:

1. The Remote Housing Strategy has two funding streams; capital (construction and employment and education housing) and reform (property and tenancy management, Indigenous employment, Indigenous participation, Indigenous business engagement and Indigenous home ownership). The reform funding comprises between 22 and 44 per cent of total funding allocated to jurisdictions.

The key difference between the new Remote Housing Strategy and National Partnership Agreement on Remote Indigenous Housing (NPARIH) is that funding is tied to improved property and tenancy management; increased employment and participation for Aboriginal and Torres Strait Islander people. Changes include: employment targets have been raised from 20 per cent to 30 per cent across all jurisdictions; more Indigenous businesses are building houses and delivering housing services; and there will be improved home ownership opportunities for Aboriginal and Torres Strait Islander people, particularly those from remote communities.

2. \$774 million has been allocated to the Remote Housing Strategy. It will expire on 30 June 2018.

3. At the time the 2015 budget was projected there was \$1.1 billion available for the remaining three years (2015-2018). The Remote Housing Strategy came into force on 1 July 2016 meaning that the new agreement will cover the final two years. \$1.1 billion from 2015 to 2018 will be expended. Milestone payments continued to be paid under the NPARIH while the Remote Housing Strategy was being negotiated.

4. The first reports from jurisdictions were due on 31 October 2016, these are currently being analysed.

5.

State	Refurbishments 2016 - 2018	New Builds 2016 - 2018
Queensland	0	338
Western Australia	Under negotiation	
South Australia	26	17
Northern Territory	0	343

6. As per the response to question four.

7. As per the response to question four.

8. Please refer to Attachment A.

9. Yes, with the exception of the 2009-10 financial year. The target for 2009-10 was to deliver 320 new houses nationally. In that year, 316 new houses were delivered.
