**BUDGET ESTIMATES HEARING : 25 May 2015**

IMMIGRATION AND BORDER PROTECTION PORTFOLIO

**(BE15/019) - Importation of Building products**

Senator Carr, Kim (L&CA 54) asked:

Senator KIM CARR: In the case where this incidence occurred, the Victorian building authority has indicated it has undertaken an investigation into the use of the product, and it is investigating the builder of the Lacrosse tower, which is LU Simon. But it has been said on the public record that the Victorian building authority is powerless to investigate the suspect use of non-compliant and flammable cladding but has set up a hotline and sent out 20,000 emails to building practitioners across the country. Has there been any communication with the Customs department on this matter?

Ms Nyakuengama : I would have to take that on notice. I am not aware of any.
