Question No. BE17-169

Senator Pratt asked the following question on 05 June 2017:

- 1) What is the total dollar figure of Overseas Development Assistance eligible activities in the AFP's 2017-18 Budget?
- 2) Can the AFP provide a full list of programs which are allocated to Overseas Development Assistance including allocated funding, funding period, country and lead agency?
- 3) Can the AFP provide a full list of programs which are deemed as focusing on non-coercive approaches to countering violent extremism including allocated funding and funding period and indication if they will be allocated to ODA?

The response to the honourable Senator's question is as follows:

1. The estimated Overseas Development Assistance eligible expenditure in the AFP's 2017-18 Budget is \$96.8m.
- 2.

Program	Total ODA (\$'m)	Funding Period	Country	Lead Agency
Solomon Islands Police Development Program- New funding 2017-18	99.9	2017-18 to 2020-2021	Solomon Islands	AFP
PNG - New funding 2017-18	57.3	2017-18 to 2018-2019	Papua New Guinea	AFP
Pacific Police Development Program (PPDP)	73.8	2017-18 to 2018-2019	Across Pacific (inc Nauru, Samoa, Tonga, PNG)	AFP

Timor-Leste Police Development Program (TLPDP)	41.0	2014-15 to 2017-18	Timor-Leste	AFP

The PPDP and PTCU programs are funded from AFP base appropriation. The funding period in the table above assumes the programs will continue at the current level over the next 4 years.

Funding for the TLPDP ends on 30 June 2018.

3. The AFP is not specifically funded for international programs focusing on non-coercive approaches to countering violent extremism (CVE).
