IMMIGRATION AND BORDER PROTECTION PORTFOLIO

**(BE17/030) - Interceptions - Enhanced Screening procedures - Programme 1.1:
Border Enforcement**

Senator McKim, Nick (L&CA 86) asked:

Senator McKIM: In relation to what I understand is described by the department as an enhanced screening process, could you specifically also address whether any of that takes place by teleconference—that is remotely—or whether it is all done face to face?

Mr Pezzullo: Yes. I know we have given evidence on that before. Again, I will refresh my memory, and then we will provide you with a distillation and summary of that evidence on notice.

Answer:

Except on one occasion in 2014, all interviews are conducted in person.
