IMA Offshore Management**

Senator Carr, Kim (L&CA) written:

Provide how many people have been determined not to be refugees.

Where are they living now?

Number that have voluntarily returned home?

*Answer:*

As at 23 May 2017, no transferee has been determined not to be a refugee in Nauru. There were 175 determined to have indicative negative outcomes. All transferees still have avenues within the refugee status determination process; as such none are classified as failed asylum seekers. |
