**(SE16/126) - Nauru medical treatment - Programme 1.5: IMA Offshore Management**

Senator Carr, Kim (L&CA) written:

A refugee in Nauru RPC (Rana Dayri) has been reported (The Guardian, """"Refugee with growing breast lump has medical transfer from Nauru cancelled""""", 6 August 2016) to have medical issues, including breast lumps and has had her medical transfer from Nauru cancelled, why did the refugee have her medical treatment cancelled?

What is her current treatment and where has it been undertaken?

Is that refugee currently in Australia or on Nauru?

Why was medical treatment postponed?

If she has not been offered treatment, what course of action will be offered to her?

***Answer:***

Ms Dayari transferred from Nauru to Port Moresby after completing treatment and received clinically indicated treatment in PNG, and has since returned to Nauru.
