Topic: *Infrastructure for the 21st Century – YouTube Video*

Proof Hansard Page: 5 (20 October 2014)

Senator Conroy asked:

Senator CONROY: Do you recall the number of views there had been on the YouTube video?

Mr Mrdak: I do not recall the number.

Senator CONROY: It was about 2,358 when we last discussed it, back in May. Would you be able to hazard a guess at how many additional hits we have had since May?

Mr Mrdak: No, I do not—

Senator CONROY: In the five months?

Mr Mrdak: I do not have that number; I am sorry.

Senator CONROY: I can probably help you here. It has blown out by another thousand-odd. Now, after nearly six months, there have been 3,452 views in total—as at 16 October. Perhaps you could verify that I have not got those numbers wrong; I am sure that it will not take long.

Mr Mrdak: I will check that.

Answer:

The total number of views is 3,458 as at 9.24 am, 20 October 2014.

Topic: IA Code of Conduct

Proof Hansard Page: 74 (20 October 2014)

Senator Conroy asked:

Senator CONROY: I will take you to the Australian Public Service Values and Code of Conduct. Do you agree that you are bound by those?

Mr Fitzgerald: No, I do not believe that I am as CEO of Infrastructure Australia.

Senator CONROY: You do not think that you are bound by the Australian Public Service Values and Code of Practice? Is that just because you are an independent statutory authority?

Mr Fitzgerald: That is right.

...

Mr Mrdak: I would presume that not all of IA staff are APS employees. Some are on secondment from my department. They would certainly, as public servants. I am not too sure that it is all encompassing that the APS values would apply to IA. Most of our statutory bodies and organisations either do apply the APS code or an equivalent. In this circumstance, given how—

Senator CONROY: Or equivalent.

Mr Mrdak: Given how new Infrastructure Australia is I am not too sure.

Senator CONROY: Is it a CAC body? What sort of body is it? Can you help us out here.

Ms O'Connell: It is a PGPA.

Mr Mrdak: It is an authorised authority.

Senator CONROY: Where should I look for their codes of conduct?

Mr Mrdak: I should seek some guidance for you. I am not clear. I think they are required to prepare some form of guidance material in relation to an equivalent of APS code.

...

Mr Mrdak: The organisation has only been in existence since 1 September, so I suspect they probably have not had a chance, given the large number of tasks, as yet to put in place that sort of material.

Senator CONROY: That does not release them from being bound by some equivalent forms of code of conduct and ethics.

Mr Mrdak: I do not disagree. I will get some guidance in relation to what the expectations and requirements are under the PGPA.

Answer:

All officials are subject to general duties under sections 25 to 29 of the PGPA Act. These are:

- a duty of care and diligence;
- a duty to act honestly, in good faith and for a proper purpose;
- a duty in relation to use of position;
- a duty in relation to use of information; and
- a duty to disclose interests.

Guidance on the general duties of officials is provided in Resource Management Guide No. 203.

Topic: Interactions between Government and Private Contractors

Proof Hansard Page: 36 (20 October 2014)

Senator Rice asked:

Senator RICE: What would the usual practice or protocols be in terms of interactions between government staff and private contractors undertaking the project?

Mr Mrdak: We receive a range of invitations to events with the private sector. We apply our guidelines in terms of the appropriateness of the attendance at such events. I do not know the circumstances of that invitation or that event so I cannot comment beyond that. We do apply guidelines in terms of our advice for officers attending functions with industry.

Senator RICE: Could we get a copy of those guidelines?

Mr Mrdak: Certainly. The normal APS values are applied. I will see what additional guidance we provide. Normally we apply the APS values and I ask my senior officers to apply judgment in relation to attendance at all events.

Senator RICE: Specific guidelines; I would like to see that.

Mr Mrdak: I will see what we have available.

Civil Aviation Safety Authority

Section 39.006 of the Civil Aviation Safety Regulations 1998 (CASR 1998) provides for a person to ask CASA in writing to review the operation of an Australian airworthiness directive on certain grounds. Section 39.007 of CASR 1998 deals with the action that CASA must take on receiving such a request. Although CASA is obliged to act, and if appropriate revoke or amend a directive, there is no formal requirement for a report back to the person who requested the review or to any other body.

1-16 Note that the Minister responsible is the Deputy Prime Minister and Minister for Infrastructure and Regional Development and the responsible Department is the Department of Infrastructure and Regional Development. For further information, see 09 - Attachment B.

National Capital Authority

The National Capital Authority is responsible for keeping the National Capital Plan (the Plan) under constant review and proposing amendments to it when necessary in accordance with the statutory provisions set out in section 6 and 14 to 22 of the *Australian Capital Territory (Planning and Land Management) Act 1988* (the Act). On 1 June 2012, the review of the Plan commenced.

The primary aim of the planning review is to clarify and simplify the shared planning responsibilities of the Australian and the ACT Government, while protecting the national interest in the ACT.

An exposure draft of the revised Plan is scheduled for public consultation during 2014–15.

The Plan review is part of the NCA's statutory functions and undertaken within agreed budget resources. The Plan Review will be implemented by a number of amendments to the Plan. Draft amendments to the Plan are subject to public consultation including with the Territory planning authority. The NCA submits amendments to the Assistant Minister for Infrastructure and Regional Development, the Honourable Jamie Briggs MP, (the Minister) who may approve the amendment without alteration; or refer the amendment back with directions to either conduct further consultations or provide suggested alterations. The Minister may also refer draft amendments to the Joint Standing Committee on the National Capital and External Territories before considering the amendment.

Either House of Parliament has 15 days in which it may disallow amendments to the Plan tabled by the Minister. The Act allows six sitting days but the *Legislative Instruments Act 2003* supersedes the Act and allows 15 sitting days. If a resolution disallowing all or part of the Amendment is passed then that whole or part of the Amendment ceases to have effect.

- Interpretation Act (WA) (CKI) (Amendment) Ordinance 1992 (Section 74I (after 74H))

Both of these provisions override review and sunset clauses in the laws of WA as applied in the territories of Christmas Island and Cocos (Keeling) Islands unless the contrary intention appears.

As the effect of these provisions is to remove any sunset provisions from the laws of WA as applied in the Territories of Christmas Island and Cocos (Keeling) Island there are no reviews or other work that arise from these provisions.

Airservices Australia

1. (a) The National Operations Centre and Air Traffic Control centres require Foxtel in order to responsibly manage the air traffic network and gain information regarding relevant alerts and activities within Australia. Airservices subscribes to Parliamentary TV to help ensure the organisation remains up-to-date with relevant aviation legislation and regulatory developments.

The Aviation Rescue and Fire Fighting (ARFF) group subscribe to the standard Foxtel package at fire stations. The ARFF fire fighters cannot leave the immediate vicinity of their fire station whilst on shift. The length of shifts worked at some of the stations, and the fact that some stations are in remote or regional localities with limited choice or duration of standard TV coverage, has prompted ARFF to make it available. Any local arrangements beyond the standard package are financed by those individuals.

(b) The monthly Business Package rate for Foxtel is \$150. We have 24 ARFF stations (most of which have Foxtel) so the cost is approximately \$18,000 for the period 1 June 2014 to 31 October 2014. Any amounts over this are funded by employees.

2. (a) Airservices newspaper subscriptions (The Australian, The Canberra Times, the Financial Review, The Age and The Sydney Morning Herald) ensure the organisation keeps informed on news and current events.
 - (b) The cost of newspaper subscriptions for the period 1 June 2014 to 31 October 2014 was \$4,955.42.

3. (a) Airservices subscribes to industry and technical magazines to ensure staff are informed of aviation industry events, technical matters, innovations, policy changes, regulations and standards.
 - (b) The cost from 1 June 2014 to 31 October 2014 for paper magazine subscriptions was \$6,389.86.

4. (a) Airservices purchases a large number of books, articles, and reports to keep staff informed of aviation industry events, technical matters, innovations, policy changes, regulations and standards.
 - (b) The cost for publications purchased from 1 June 2014 to 31 October 2014 was \$4,762.69.
