Budget Estimates, May 2011

**Program: Division or Agency:** Corporate: BID **Question No:** 141

**Topic:** Funding for WWF

**Proof Hansard Page and Date** 92 (24/5/11)  
**or Written Question:**

**Senator Boswell asked:**

Senator BOSWELL: At last estimates I asked AusAID a question. I will read the question out now. They have asked me to refer the question to you. The World Wildlife Fund Australian annual report details that AusAID gave grants of \$418,648 in 2009 and \$150,000 in 2010. An amount under 'other Australians' was listed as \$1,048,639. Other grants came to \$4,358,858 in 2009 for each of the above amounts of funding. The answer goes on and gives an answer to the first part of the question. Then it says:

"The \$1,048,639 and \$4,358,858 figures are listed under 'Grants: Government (other)' for 2010 and 2009 respectively in WWF's 2010 Annual Report. The majority of funding has been provided through programs administered by the Department of Sustainability, Environment, Water, Population and Communities. Further information on these funding sources should be sought from that department."

So I am asking you now: I refer to funds provided to the World Wildlife Fund listed in their annual report for 2010 as 'other Australian' for the amount of \$1,048,639 and particularly those questions which identify that the majority of funds were provided under programs administered by your department. Can you please provide a detailed account of the amount of funding grants provided to the World Wildlife Fund for the amount listed of \$1,048,639?

...

Mr Oxley: I understand Senator Boswell's question but I am not in a position to be able to provide now an answer to Senator Boswell in the sense that I am thinking it may be project work that is associated with the Coral Triangle initiative. But I am not confident that that is the case and I am not across whether the department has other grants which it has provided to WWF for other purposes. So I would prefer to take it on notice on that basis.

...

Senator BOSWELL: That figure that you are referring to is the \$1,048,639. There is also another figure there for \$4,358,858 listed as 'Grants: Government (other)'. Can you also tell me what that is for, or are they both for that?

Mr Oxley: Senator, I do not have the benefit of having in front of me the information that you have. You are conveying to me information that has come from AusAID and they have said, 'PS, ask SEWPaC about those programs.' I am saying to you tonight I do not have the information in front of me to understand the substance of the question that you are asking. Therefore, we need to take it on notice.

Senator BOSWELL: Okay. I will just put what I want answered on notice. Can you please provide a detailed account of the amount of funding grants provided to the World Wildlife Fund for the amount listed as \$1,048,639? Was this a single grant amount provided to the World Wildlife Fund? If not, under what programs and for what purpose were these funds provided? When was each grant or funding allocation provided? Can I also have details of all

acquittals provided by the World Wildlife Fund associated with these grants. I will also ask you to include the amount of \$4,358,858.

**Answer:**

1. The department administers a number of grant programs in which the World Wildlife Fund (WWF), also trading as World Wide Fund for Nature, has received grant funding for on ground activities.

An extract of all grant related transactions to the WWF for the past three financial years and the status of the acquittals are shown in **Attachment A**.

**Program: Division or Agency:** Corporate: BID

**Question No:** 143

**Topic:** Consultancies

**Proof Hansard Page and Date** Written  
**or Written Question:**

**Senator Fisher asked:**

For both the department and agencies:

1. How many consultancies have been undertaken or are underway this FYTD? Please identify the name of the consultant, the subject matter of the consultancy, the duration and the cost of the arrangement, and the method of procurement (ie. Open tender, direct source etc). Please also include total value for all consultancies.
2. Does each department and agency stand by its current tenders on the Austenders website? Have any changes or corrections been made for any tenders advertised on to Government Tenders website ([www.tenders.gov.au](http://www.tenders.gov.au)) for tenders advertised this financial year? Explain. Are up to date with reporting requirements?
3. How many consultancies are planned for each calendar year? Have these been published in your Annual Procurement Plan (APP) on the Austender website and if not why not? In each case please identify the subject matter, duration, cost and method of procurement as above, and the name of the consultant if known.

**Answer:**

1. The Department of Sustainability, Environment, Water, Population and Communities has engaged 113 consultancies in the financial year 2010-11 as at 31 May 2011. A complete list of consultancies engaged by the Department is published on AusTender as per mandatory reporting obligations. The list is shown at Appendix A and includes the end date of the contracts. The Department's total value of consultancy contracts for the financial year to date is \$7.7 million.

The Bureau of Meteorology has engaged 17 consultancies in the financial year 2010-11 as at 31 May 2011. A complete list of consultancies engaged by the agency is published on AusTender as per mandatory reporting obligations. The list is shown at Appendix B and includes the end date of the contracts. The agency's total value of consultancy contracts for the financial year to date is \$3.1 million.

The Murray Darling Basin Authority has engaged 58 consultancies in the financial year 2010-11 as at 31 May 2011. A complete list of consultancies engaged by the agency is published on AusTender as per mandatory reporting obligations. The list is shown at Appendix C and includes the end date of the contracts. The agency's total value of consultancy contracts for the financial year to date is \$7.2 million.

The National Water Commission has engaged 51 consultancies in the financial year 2010-11 as at 31 May 2011. A complete list of consultancies engaged by the agency is published on AusTender as per mandatory reporting obligations. The list is shown at Appendix D and includes the end date of the contracts. The agency's total value of consultancy contracts for the financial year to date is \$3.1 million.

The Great Barrier Reef Marine Park Authority has engaged 60 consultancies in the financial year 2010-11 as at 31 May 2011. A complete list of consultancies engaged by the agency is published on AusTender as per mandatory reporting obligations. The list is shown at Appendix E and includes the end date of the contracts. The agency's total value of consultancy contracts for the financial year to date is \$4.7 million.

The Director of National Parks has not entered into any consultancies in the financial year 2010-11 as at 31 May 2011.

2. The department and agencies publish all tenders on the [www.tenders.gov.au](http://www.tenders.gov.au) website as per mandatory obligations. Any addenda are published on AusTender in line with the Commonwealth Procurement Guidelines and AusTender requirements. The department and agencies are up to date with their reporting requirements.
3. Planning for consultancy services sits with individual agencies, outcomes and divisions. The department's and agencies' consultancy requirements for any calendar year often change in accordance with planning, changing requirements and environments.

Annual Procurement Plans are used by the department and agencies to publish major tender opportunities, including consultancies, for potential suppliers. There are currently no proposed consultancies published in the Annual Procurement Plans of the department or agencies.
