ANSWERS TO QUESTIONS ON NOTICE

Treasury Portfolio

Additional Estimates

10 – 11 February 2010

Question: aet 23

Topic: Consultancies (Treasury)

Hansard Page: Written

Senators BARNETT & EGGLESTON asked:

1. How many consultancies have been undertaken or are underway since November 2007? Please identify the name of the consultant, the subject matter of the consultancy, the duration and cost of the arrangement, and the method of procurement (ie. open tender, direct source, etc). Please also include total value for all consultancies.
2. How many consultancies are planned for this calendar year? Have these been published in your Annual Procurement Plan (APP) on the AusTender website and if not why not? In each case please identify the subject matter, duration, cost and method of procurement as above, and the name of the consultant if known.

Answer:

1. Between November 2007 and February 2010 there were 202 consultancies undertaken or underway, with an estimated total value of \$18,828,660.

A list of the consultancies is provided in Attachment A.

2. Treasury's Annual Procurement Plan listed on Austender provides information about planned procurements valued at or above \$80K for which an Open Tender process is expected to be conducted.

The Annual Procurement Plan published for 2009-10 includes one consultancy. The subject matter of the procurement is "the provision of security consultancy services including, but not limited to: quality assurance of Type 1 Security Alarm System, Electronic Access Control System and Closed Circuit Television Systems, provision of Security Reviews and the preparation of Design and Construct Briefs". The procurement is currently being progressed through open tender for a period of 3 years with an option to extend for a further 2 years. Further details are not available at this time.

A number of other consultancies have been entered into but were not published in the 2009-10 Annual Procurement Plan. These consultancies were below the covered procurement threshold, not sourced through open tender, or the requirement was not identified in the Annual Procurement Planning process.
