AGENCY/DEPARTMENT: COMMONWEALTH SCIENTIFIC INDUSTRIAL AND RESERACH ORGANISATION (CSIRO)

ANSWER

1. The CSIRO's entertainment and hospitality spend for the period July 2011 to February 2012 is \$165,953 (GST exclusive). All entertainment and hospitality expenditure is recorded against a specific general ledger code in the finance system (SAP) and is therefore reported as one total.

In line with CSIRO policy, prior approval is required by an appropriate delegate before entertainment and hospitality expenditure is incurred. All entertainment must be documented and explained with the place, date, person(s) present and clearly stated business purpose. CSIRO employees are required to retain the written statement along with any supporting documentation on their personal correspondence file. Detailed documentation for entertainment and hospitality is not managed centrally and to compile this information would require a significant diversion of resources.

2. Please refer to the answer provided by the Department of Industry, Innovation, Science, Research and Tertiary Education.

3. The Organisation's total anticipated spend for 2011-12 is \$342,800 (GST exclusive) which is in line with the previous three years expenditure which averaged \$316,500 (GST exclusive). All entertainment and hospitality expenditure will be incurred on a needs basis.
