Question Number: W671-06

Question:

Senator Wong asked at *Hansard* page 21:

Can the department provide all risk assessment documents associated with the APM proposal?

Answer:

Consideration of risks is an iterative ongoing part of design, planning, implementation and operation of the department's services and programmes. It is not practical to identify all documentation dealing with assessment and management of risks over the course of developing the Active Participation Model; and to allocate staff to its collection would be an unreasonable diversion of resources.
