Senator Back provided in writing.

Refers to previous DEEWR Question No EW0459_13.

Question

Internet

Has the Department experienced any internet problems, such as but not limited to slow internet or internet blackouts? If yes, what was the reason for this? Did it impact the Minister's office?

Answer

All Information Technology related incidents are reported to the Department's Service Desk. Between 1 July 2012 and 28 February 2013, no internet blackouts were recorded. Over that period some users occasionally reported issues of slow internet performance. These instances are investigated by Departmental technical officers as part of normal incident management processes. The Minister's Office did not report any internet outages during that period.
