Department of Education Question No. ED0250_14

Senator Carr provided in writing.

Question

National Education Reform Agreement

If all elements of the National Education Reform Agreement were to be honoured by all states and territories, how much additional Commonwealth expenditure would be required in each of the fifth and sixth years to reach the announced total federal expenditure of \$9.8 billion? Can this be broken down for each year?

Answer

As the Government's commitment to school funding covers the period 2014 to 2017, it is not possible to provide funding estimates beyond these years.
