**Department of Education Question No. ED0263\_14**

**Question**

***Low SES School Communities National Partnership***

Further to ED0229\_14, please provide a list of all schools that have benefited from the Low SES School Communities National Partnership? If possible in an electronic spreadsheet, and organised by electorate and state, and including street address, postal address, Principal name, phone number and email address?

**Answer**

A list of schools that participated in the Low SES School Communities National Partnership is at Attachment A. This list is derived from the official list of schools published by states and territories at the commencement of the National Partnership and has been updated for subsequent changes advised by states and territories.

The list sets out the names of schools, state, 2010 federal electorate, address, suburb and postcode.

Details of the names, phone numbers and email addresses of principals are unavailable.
