**Question**

***Dept/Ag - Hire cars***

1. How much did each department/agency spend on hire cars from Supplementary Budget Estimates in November 2013 to date? Provide a breakdown of each business group in each department/agency. 2. What are the reasons for hire car costs?

**Answer**

**DEPARTMENT**

In the 2013-14 financial year, it is not possible to fully disaggregate expenditure between the Department of Education and the Department of Employment.

- For expenditure that can be identified as belonging to the Department of Education only, total expenditure on hire cars from 1 December 2013 to 28 February 2014 was \$6,452.25.
- For expenditure that cannot be disaggregated, the combined expenditure on hire cars by the corporate areas of both departments and the former DEEWR State Network from 1 December 2013 to 28 February 2014 was \$8,575.74.

A breakdown by business group is not readily available and would require an unreasonable diversion of resources to generate.

Hire cars are utilised where they provide the most economical and practical method of undertaking departmental business, such as when usage is high enough to be more cost effective than taxis, but not high enough to make leasing or purchase economically viable.
