Output Group: CSIRO

DEST Question No. E237_04

Senator Carr asked on 4 June 2003.

Question:

You indicated that flagships' progress would be reviewed on a regular basis.
What timetable has been set for reviewing this flagship?

Answer:

CSIRO has provided the following response.

Light Metals Flagship

The Light Metals Flagship will be reviewed by the Flagship Oversight Committee according to the standard timetable established for all Flagships. When the Flagships are fully operational and planning arrangements are more settled, this timetable will see the Flagship Oversight Committee considering draft performance plans for the following year in about April of each year, and considering reports about performance against performance plans for the previous financial year in July or August of each year.
