DEEWR Question No.EW0484_12

Senator Nash asked on 2/06/2011, Hansard page 81.

Question

Australian Youth Forum - Organisations receiving funding or support

Senator NASH: What I would appreciate—and I am very happy for you to take this on notice—is the organisations that have received funding in grants or support through the Australian Youth Forum and I think it is the Australian Youth Affairs Coalition. If you would just take that on notice and provide it, that would be great. Mr Fernando: Sure, I will take that on notice. Senator NASH: The Australian Youth Forum or programs that are administered through this Youth Engagement Program, organisations like GetUp! and the Australian Youth Climate Coalition—are they involved at all in those or a recipient of funding in any way? Mr Fernando: I do not have a list of all of the organisations that have received funding through that. Organisations like those have received funding, but I do not think the ones you have nominated have specifically received funding. Senator NASH: Perhaps you could take on notice actually to provide us the full list. That would be good—just the National Partnership on Youth Attainment and Transitions.
