**QUESTIONS ON NOTICE**

**Question Number: W186-04**

**Question:**

Senator Carr asked in *writing*:

What was the nature of that response? Do all members of the Steering Committee agree with Mr Ramsey's comments in this response?

**Answer:**

The response purports to represent all committee members and made a number of broad assertions about Mr Wray's report without providing any details of the Committee's concerns. Comcare does not accept these assertions. Comcare's response to these assertions is attached. Refer also to W185-04.
