This event was run in partnership with US Department of Defense.	2,600
6/12/10	Rydges Capital Hill Hotel, ACT	The Square Dance Memorandum of Understanding is a combined effort between Australia, Canada, the United Kingdom, New Zealand and the United States of America. The objective of the effort is to provide a mechanism to conduct research & development on imagery, measurement & signature intelligence and geospatial technologies, including related tasking, collection, processing, exploitation, and dissemination systems which is of significant value to Defence. The function is part of the annual Square Dance meeting held in Australia to build and strengthen the relationships that underpin the collaboration under the Memorandum of Understanding and to permit continuation of discussions in a social environment.	1,338
7/12/10	Berth Restaurant, Newquay, Docklands Melbourne	To provide an opportunity to build and strengthen working relationships with our international counterparts representing the four member nations (US, UK, Canada and Australia) of the Technical Co-operation Program - Technical Panel 4.	436
8/12/10	Courgette Restaurant, ACT	The Square Dance Memorandum of Understanding is a combined effort between Australia, Canada, the United Kingdom, New Zealand and the United States of America. The objective of the effort is to provide a mechanism to conduct research & development on imagery, measurement & signature intelligence and geospatial technologies, including related tasking, collection, processing, exploitation, and dissemination systems which is of significant value to Defence. The function is part of the annual Square Dance meeting held in Australia to build and strengthen the relationships that underpin the collaboration under the Memorandum of Understanding and to permit continuation of discussions in a social environment.	3,051

Hospitality Register: DSTO Group			
Date	Location of Hospitality	Purpose	Actual Cost (excluding GST)
9/12/10	Mawson Lakes Hotel, Adelaide	A Pre-commencement Event of interstate and local new starters to DSTO Edinburgh. The dinner is off-site and held in the same location where the interstate graduates will be accommodated. Representatives from People Strategies, the Peer Support Network and Junior Leadership Team will also be present to network with the new graduates. On-boarding benchmark activities employed by DSTO competitors include such events as this to generate a relationship between the new employee and the organisation before the employees commence work. DSTO's dependence upon the new APS security vetting agency means delays have increased prior to new employees obtaining clearance to start work. Therefore there is an increased risk of DSTO losing its new employees to competitors because of the significant wait before they are allowed to commence employment. This event generates a relationship between DSTO and the new starters; provides the opportunity for the new starters to establish relationships with each other and with the DSTO representatives; and minimise the risk of new starters withdrawing the acceptance and moving organisation.	2,824
9/12/10	Mawson Lakes Hotel, Adelaide	Working lunch as part of pre-commencement familiarisation activities for 2011 DSTO new Science and Technology staff arriving from interstate.	178
8/02/11	Defence Science Technology Organisation- Fishermans Bend	Lunch was provided during the Defence Material Technology Centre project 2.2 Meeting. This is a regular Defence Material Technology Centre (DMTC) review of the Defence Science Technology Organisation research input and other project partners work progress. Discussions were focused on meeting specific milestones within the project plan and the provision of resources to achieve the short term and long-term goals and the provision of lunch allowed discussions to continue uninterrupted.	64
14/02/11	O'Connell's Centenary Hotel, Melbourne	Annual TTCP (The Technical Cooperation Program) hosted by Defence Science Technology Organization provides an opportunity to build and strengthen working relationships with our international counterparts representing the four member nations (US, UK, Canada and Australia) of The Technical Cooperation Program.	1,507
16/02/11	Red Ochre Grill, War Memorial Dr, Nth Adelaide SA 5006	The Technical Co-operation Panel (TTCP) has an Action Group with representatives from Canada, US, UK and Australia which is investigating logistics support to capability and operations, especially in material and operational availability of weapon systems, logistics operational modelling and conditions based maintenance. The Action Group convened a Military Logistics Research Workshop from 15 to 17 Feb 2011. The hospitality event during this workshop provided an opportunity to continue discussions to strengthen collaboration and relationships with Canadian counterparts.	879
17/02/11	Red Ochre Restaurant - War Memorial Drive North Adelaide South Australia	Dinner was hosted for the Director, Missile Defense Agency. This event provided an opportunity to continue discussion on collaborative Research & Development (R&D) programs and strengthens relationships and networks that underpin the collaborative R&D programs.	985
21/02/11	Bldg 94 DSTO Fishermans Bend, Melbourne	Discussion with Australian Submarine Corporation (ASC) colleagues on progress and way ahead with the Stress Corrosion Cracking Corrosion Fatigue Project, a collaborative project between the ASC and Defence.	54

Hospitality Register: DSTO Group			
Date	Location of Hospitality	Purpose	Actual Cost (excluding GST)
28/02/11	LiveBait, Docklands	Dr. Rose is the Group Head for the Chemical Defence Branch in HPPD, DSTO. He is the National Lead on the International Task Force-54, addressing physical countermeasures against emerging threat agents. The dinner was held for the National Leads from the US, UK and Canada, for the purpose of facilitating informal interactions with senior international participants, and to provide an opportunity to build and strengthen working relationships with our international counterparts representing the four member nations (US, UK, Canada and Australia).	462
10/03/11	Red Ochre Grill, War Memorial Dr, Nth Adelaide SA 5006	In conjunction with The Technical Co-operation Panel (TTCP) Land Systems Groups annual meeting, which was held from 7th to 11 March 2011, this hospitality provided the opportunity for continuation of discussion and networking on issues identified at the meeting.	818
11/03/11	Eureka Tavern 10 Park Tce Salisbury SA 5108	To discuss DSTO/Deakin University partnership & collaboration in Motion Performance in Vehicle Technology	60
16/03/11	Berth Restaurant, Newquay, Docklands	Hosted Dinner for delegates of Memorandum of Understanding Member countries - Test, Evaluation and Simulation Working Group. The purpose of the dinner was to facilitate informal interactions with senior international participants, and to provide an opportunity to build and strengthen working relationships with our international counterparts representing the four member nations (US, UK, Canada and Australia) of the Group.	682
30/03/11	Windy Point Restaurant, Adelaide	This event was held in conjunction with the Over The Horizon Working Group Conference. It enabled the members of the working group to continue their discussions in a more informal setting. This assists in fostering a closer working relationship with our international colleagues and enables unclassified information sharing relating to international research.	3,518
10/11 - 11/11/10	Bld 22 DSTO Fishermans Bend, Melbourne	Catering for the annual Armed Reconnaissance Helicopter (ARH) / Multi-Role Helicopter (MRH) / CH-47 (Chinook helicopter) Science and Technology review allows all key stakeholders associated with ARH Tiger, MRH 90 and CH-47 to meet and discuss technical aspects of each program, as well as current and anticipated future challenges. The review enables improved communication between key stakeholders and DSTO, as well as providing the opportunity for DSTO to give technical briefings on the work being undertaken in support of each aircraft program. Together with feedback from the stakeholders, work programs can be fine-tuned to ensure DSTO's tasking in support of ARH/MRH/CH-47 continues to best meet the requirements of the ADF. Additionally, this review is seen as an ideal mechanism for stakeholders review their tasking of the DSTO capability to ensure timely and efficient outcomes.	925
