

Draft Qualitative Report on NGER Act and CPRS

The purpose (T of R) of the research was:

- The Qualitative Consultation Report on the NGER Act and CPRS research is being used to:
 - inform the development of efficient and effective education and communication activities targeting businesses that have regulatory obligations under the NGER Act and the proposed ACCRA schemes, and
 - inform the development of systems, processes and administrative policy for the proposed ACCRA and the schemes it will administer.
- The research also provides baseline qualitative data to inform future quantitative research and DCC and the proposed ACCRA communication activities.

In terms of staff:

Two staff were involved in the contract management and six SES were consulted to determine the terms of reference for the report.
