Topic: **Artworks purchases**

Question: **23**

Hansard reference **F&PA p21, 21 February 2011**

Date set by the committee for the return of answer: 15 April 2011

Mr Thompson—We have an annual budget which, for 2010-11, is \$200,000. As of now, we have spent around \$137,000 of that. That comprises a little under \$100,000 on some major works which have been approved by the Art Advisory Committee, and a larger number of small works—53 of them, approved by me—for a sum total of \$37,500. We would expect, by 30 June, to have spent most of the rest. I might add that all of these works are by Australian artists and our aim is to meet the needs of senators and members primarily in terms of their needs for their suites.

Senator FIFIELD—Thank you. Could you provide a list of those purchases according to those contracts?
