ANSWERS TO QUESTIONS ON NOTICE

Prime Minister and Cabinet Portfolio

Department of Regional Australia, Regional Development and Local Government

Additional Estimates 2010-11

Question: 16

Topic: National Bike Paths Program

Asked By: SENATOR LUDLAM

Type of Question: Hansard F&PA 92

Date set by the committee for the return of answer: 15 April 2011

Number of pages: 6

Senator LUDLAM—If I asked you what you are currently spending on cycling infrastructure, there would be no point asking for a breakdown of spending by city, town or region because it is zero?

Ms Beauchamp—In relation to Ms Foster's comment around the National Bike Paths Program, as part of the stimulus package, we could provide a breakdown of the 166 projects that the government announced funding for.

Senator LUDLAM—Yes, but that will be retrospective. There is nothing in your forward estimates?

Ms Beauchamp—That is correct. Most of those dollars have been committed and we are in the process of finalising that program.

Answer:

A list of all National Bike Paths projects is attached including State, funding recipient, project name, funding amount and total project cost.
