

PRESIDENT OF THE SENATE

PARLIAMENT HOUSE  
CANBERRA

Mr Alistair Sands  
Secretary  
Finance and Public Administration Legislation Committee  
Parliament House  
CANBERRA ACT 2600

Dear Mr Sands

The Secretary, Department of Parliamentary Services, has forwarded to you under separate cover the answers prepared by her Department to questions on notice from the last Estimates hearings.

I apologise for the fact that these answers are being provided slightly outside the deadline. The reasons for the delay are that one of the answers required archived files to be checked, and then the draft answers were only completed late last week when the President was interstate on parliamentary business.

Yours sincerely
