Topic: 2020 Summit – ZOO Communications tender

Hansard Page: Written Question

Senator Ronaldson asked: The contract for web design and development was awarded to ZOO Communications - right? What was the reason for the three separate parts to that tender - one of \$32,000, second \$15,000 and third \$24,000?

Answer: PM&C has a standing offer arrangement for the provision of web design and development services, which pre-dates the *Australia 2020* Summit.

Under this standing offer arrangement, ZOO Communications Pty Ltd was selected from a panel of suppliers to develop logos, a style guide, and to design and produce banners and notepads for the *Australia 2020* Summit. The total value of this work was \$48,664.20.
