

Draft 1 Heritage Strategy

Received from consultant: 23 November 2006

Authored by: Heritage Management Consultants Pty Ltd

**REPORT TO THE
MINISTER FOR THE ENVIRONMENT AND WATER RESOURCES
UNDER SUBSECTION 341ZB(2)(C) OF THE EPBC ACT**

**Department of Parliamentary Services
XXX 2007**

An outline of the Identification Program

The Department controls only one property, the Australian Parliament House in Capital Hill, ACT. It also leases several other properties, including part of West Block and a store in Queanbeyan, but they are not considered to be in the control of DPS within the meaning of the Act.

Parliament House has been nominated to both the Commonwealth and National Heritage Lists, the Department of the Environment and Water Resources has undertaken further research into possible heritage values, and the Australian Heritage Council has finalised assessments of these values. These assessments have been provided to the Minister for the Environment and Water Resources for a final decision about listing. No such decision has yet been taken.

In this context, no additional process to identify and assess potential Commonwealth Heritage values is considered necessary. DPS will use the existing recent Australian Heritage Council assessments to satisfy this obligation.

Details of any Surveys Conducted, or Expert Advice obtained by, the Department to identify the Commonwealth Heritage values

The Department relied upon the expert advice of its consultants, Dr Michael Pearson and Duncan Marshall, in developing its identification program. Accordingly, no surveys or other research were undertaken.

A summary of the work undertaken with respect to each of the matters included in the EPBC Regulations for the identification and assessment of Commonwealth Heritage values

The relevant part of the regulations is as follows.

10.03G Heritage assessments and registers (Act s 341ZB)

- (1) For paragraph 341ZB (2) (a) of the Act, Commonwealth heritage values for a place may be identified by:
 - (a) considering all natural and cultural heritage values, recognising indigenous people as the primary source of information on the significance of their heritage and their participation as necessary to identify and assess indigenous heritage values; and
 - (b) identifying values against the Commonwealth heritage criteria; and
 - (c) using expert heritage advice to ensure that levels of documentary and field research are appropriate to best practice assessment and management of heritage values; and

- (d) using a comparative and thematic approach; and
- (e) consulting widely, as appropriate, with government agencies, stakeholders and the community.

Consistent with the approach adopted for the identification program, no additional work was undertaken in respect of these matters. The Department is relying upon the relatively recent assessments undertaken by the Australian Heritage Council.

INTRODUCTION

The aim of this Heritage Strategy is to achieve the conservation of the cultural heritage significance of the Australian Parliament House (APH) consistent with the ongoing operation of the place as the home of the Parliament of Australia and as a key component of the Parliamentary zone.

In 2004, new heritage legislation came into affect which substantially changed and extended the obligations of Commonwealth agencies. The heritage provisions were included in the *Environment Protection & Biodiversity Conservation Act 1999*. An overview of these new obligations can be found at the following website.

<http://www.deh.gov.au/heritage/publications/factsheets/index.html>

This Heritage Strategy has been prepared by DPS in fulfilment of its obligations under section 341ZA of the *Environment Protection & Biodiversity Conservation Act 1999* (EPBC Act). The strategy has also been prepared in the light of the guidelines issued by the Department of the Environment & Heritage (2005), and is structured to address the specific requirements of the Act.

This strategy meets both DPS's specific obligations to prepare a Heritage Strategy in relation to the places it owns or controls. It also provides a strategy to meet its general obligations under the EPBC Act to take no action that has, will have or is likely to have a significant impact on the environment unless approved by the Minister for the Environment & Heritage, and this includes heritage values on adjacent land.

An important point to note about the nature and structure of this strategy is that it attempts to provide brief *strategic* directions dealing with each component required in the EPBC Act and related regulations. A checklist indicating compliance with the EPBC requirements is also included at Appendix C. DM?

DPS only controls one property, the Australian Parliament House in Parkes, ACT. It also leases several other properties, including part of West Block and a store in Queanbeyan, but they are not considered to be in the control of DPS within the meaning of the Act. The Parliament House is entered on both the Commonwealth Heritage List and National Heritage List [XXX To be confirmed]. In the case of the Commonwealth Heritage List, the area is that within State Circle, and in the case of the National Heritage List, the area is that within Parliament Drive. XXX Confirm boundaries

This strategy is only required to address current or potential Commonwealth Heritage places, and the guidelines for such strategies are silent about the issue of National Heritage places. In practical terms, it seems sensible and appropriate for this strategy to recognise and address the National Heritage listing of Parliament House as well. In this way, a better integrated strategic approach may be achieved.

[XXX Note: This strategy has been prepared based on the Commonwealth and National Heritage Listings having taken place.]

1. STATEMENT OF DPS OBJECTIVE FOR MANAGEMENT OF ITS HERITAGE PLACE

Background

The DPS is committed to the conservation of the Commonwealth Heritage and National Heritage values of its building, and will reflect this commitment in its corporate planning documents and processes. This strategy, and a future conservation management plan for the place, indicate the DPS objectives for identification, protection, conservation, presentation and transmission to all generations of the Commonwealth Heritage values of the place.

The DPS current corporate strategy is expressed in a document titled, Corporate Plan 2004-07. While the plan was prepared prior to any formal steps to heritage list the building, none the less it notes as one of the factors influencing DPS activities,

"the challenges of preserving the design integrity of a contemporary heritage building that is of the highest national significance and that houses a working Parliament." (p. 1)

Strategies

Strategy 1.1 DPS will revise its Corporate Plan at the next opportunity to include a high level commitment to managing the heritage values of the Parliament House. The proposed words to be included are as follows.

"To care for the heritage values of the Parliamentary House, so as to identify, protect, conserve, present and transmit to all generations the Commonwealth Heritage and National Heritage values of the place, consistent with:

- DPS operational obligations arising from its role as the home of the Parliament; and
- current best practice in conservation and property management."

Strategy 1.2 DPS will make changes to its management documentation to help embed and implement this commitment, including in the:

- Design Integrity and Management of Change Guidelines; — DONE
- Project Management Plans for Building & Security Projects;
- Standard for Design Services and Project Documentation;
- Building Condition Index;
- Furniture Condition Index;
- Landscape Condition Index;
- Design Integrity Index; and
- Artworks management systems.

2. HOW THE HERITAGE STRATEGY OPERATES WITHIN DPS CORPORATE PLANNING FRAMEWORK

Background

DPS is committed to manage the Commonwealth Heritage and National Heritage values of its building in a manner consistent with the *Commonwealth Heritage Management Principles* and *National Heritage Management Principles* (see Appendix A). As such, its corporate planning framework will recognise and reflect the DPS commitment to respect those values.

Strategies

- Strategy 2.1 The DPS corporate planning and budgetary processes will be monitored and amended as necessary to indicate the Department of Parliamentary Services's objective to identify, protect, conserve, present and transmit to all generations the Commonwealth Heritage and National Heritage values of the place, and clearly identify and make transparent the programs and budget components that relate to that objective. (See also Strategies 1.1 and 1.2)
- Strategy 2.2 The Heritage Strategy will be used as one of the primary planning documents in the corporate planning framework.
- Strategy 2.3 The DPS Annual Report will include a summary of programs and funding provided for:
- the maintenance and conservation of Commonwealth Heritage and National Heritage values; and
 - heritage studies, management planning and other activities relating to the identification, protection, conservation, presentation and transmission of the Commonwealth Heritage and National Heritage values of the place.

3. POSITIONS WITHIN DPS WHICH ARE RESPONSIBLE FOR HERITAGE MATTERS

Background

The following table identifies the DPS staff responsible at different levels for identifying and managing heritage values, for works decisions, approvals and actions, and for implementing, reviewing and monitoring the strategy and reporting to the Minister for the Environment & Heritage.

Table 1. Positions within DPS with Heritage-Related Responsibilities

Strategies

Strategy 3.1 DPS will ensure that those occupying all positions with responsibility for heritage matters, as identified in Table 1, are made aware of those responsibilities.

Strategy 3.2 The XXX JE will be identified within DPS as the single initial point of contact for heritage matters, and this will be indicated on the DPS intranet.

4. THE PROCESS FOR CONSULTATION AND LIAISON WITH OTHER GOVERNMENT AGENCIES ON HERITAGE MATTERS

Background

The Parliament House is owned by the Australian Government and is located with an area called the Parliamentary precincts in accordance with the *Parliamentary Precincts Act 1988*. The Parliamentary precincts are essentially the area of land inside Capital Circle. The control and management of the Parliamentary precincts rests with the Presiding Officers, and is the day-to-day responsibility of DPS on their behalf.

In addition, the Parliamentary precincts are within the Parliamentary zone as defined in the *Parliament Act 1974*. This Act provides,

- (1) No building or other work is to be erected on land within the Parliamentary zone unless:
 - (a) if the land is within the precincts as defined by subsection 3(1) of the Parliamentary Precincts Act 1988—the President of the Senate and the Speaker of the House of Representatives jointly have; or
 - (b) in any other case—the Minister has; caused a proposal for the erection of the building or work to be laid before each House of the Parliament and the proposal has been approved by resolution of each House. (Section 5)

Other key legislation relating to the heritage values of the place that applies to the DPS is the:

- *Environment Protection & Biodiversity Conservation Act 1999*; and
- *Aboriginal and Torres Strait Islander Heritage Protection Act 1984*.

Both Acts are administered by the Department of the Environment & Heritage.

The National Capital Authority is the planning and development control agency for works affecting the land surrounding the Parliamentary precincts. The ACT Heritage Council, a statutory agency under ACT legislation, maintains a general concern for all heritage in the ACT, including that outside the control of the ACT Government.

DPS ensures it undertakes appropriate consultation with the Department of the Environment & Heritage in relation to its operations as they involve heritage and environmental issues, and with the NCA in regard to planning and development issues.

DPS will include the ACT Heritage Council in its list of government stakeholders, as a matter of courtesy.

Strategies

Strategy 4.1 DPS will consult with the Minister for the Environment & Heritage or her or his delegate as required under the EPBC Act, in particular:

Change is
to be made →

- with regard to a management plan (s341S of the Act); and
- XXX This section to be repealed... with regard to actions that have, will have or are likely to have a significant impact on the Parliament House as a Commonwealth Heritage and National Heritage place (s341ZD).

- Strategy 4.2 DPS will consult with the Australian Heritage Council regarding its Heritage Strategy before submitting it to the Minister for the Environment & Heritage as required under s341ZA of the EPBC Act.
- Strategy 4.3 DPS may consult informally with the Department of the Environment & Heritage regarding its Heritage Strategy, management plan and actions that it considers have, will have or are likely to have a significant impact on the Parliament House as a Commonwealth Heritage and National Heritage place, noting that such consultation is not formally required under the EPBC Act.
- Strategy 4.4 DPS will consult with the National Capital Authority as the manager of land immediately adjacent to the Parliament House which has heritage values (ie the Parliament House Vista). The purpose of this consultation will be to achieve sympathetic conservation management which is, where operationally feasible, consistent with the high standards established by the EPBC Act.
- Strategy 4.5 DPS will as a courtesy include the ACT Heritage Council as an interested stakeholder in any consultations undertaken regarding significant changes to the Parliament House.

5. CONSULTATION AND LIAISON WITH THE COMMUNITY ON HERITAGE MATTERS

Background

Consultation with the community, including Indigenous stakeholders, is required where changes to the place potentially impact on community interests. The strategies identify the ongoing process for consultation and liaison with the community on heritage matters.

Strategies

- Strategy 5.1 Where changes are proposed involving the place, consultation will be guided by current national standards, namely:
- *Commonwealth Heritage Management Principles*;
 - *National Heritage Management Principles*;
 - the provisions in *Ask First, a guide to respecting Indigenous heritage places and values* (Australian Heritage Commission 2002) for Indigenous heritage places; and
 - Article 26.3 of the *Burra Charter* (Australia ICOMOS 2000) for cultural heritage places including both Indigenous and historic places.
- Strategy 5.2 The Department of Parliamentary Services shall develop a procedure for triggering and facilitating consultation.
- Strategy 5.3 The Department will maintain a list of stakeholders and the scope of their interest.

6. PROCESS FOR RESOLUTION OF CONFLICT ARISING FROM THE ASSESSMENT AND MANAGEMENT OF COMMONWEALTH HERITAGE VALUES

Background

There are at least two categories of conflict that may arise regarding heritage values and the management of Parliament House:

- in determining whether a heritage value exists or not; and
- between managing heritage values and managing for other purposes (eg operational activities).

It is noted that some conflicts may be irreconcilable.

In finding solutions to conflicts, it is important to bear in mind the obligation under s341ZC of the EPBC Act not to take an action that has an adverse impact on the Commonwealth Heritage values unless there is no feasible and prudent alternative, and all reasonable measures are taken to limit the impact. Depending on the possible impact, the issue may also be an action that is subject to advice (eg under s341ZD XXX to be repealed) or approval by virtue of s26 or s28 under the EPBC Act.

Strategies

- Strategy 6.1 To help avoid or resolve potential conflict, where an issue requires clarification of heritage values or policies, the DPS will ensure that it seeks relevant expert heritage advice.
- Strategy 6.2 Any conflict arising from the assessment or management of the place should be resolved through the proposed conservation management plan, or where the management plan does not deal with the issue, by:
- seeking advice from relevant heritage experts;
 - seeking advice from the Department of the Environment & Heritage;
 - seeking advice from the Australian Heritage Council (under s5(h) of the *Australian Heritage Council Act 2003*); and
 - by referring to the guidance provided in the *Burra Charter* (Australia ICOMOS 2000).
- Strategy 6.3 If a conflict arises between managing heritage values and managing for other purposes, the process for resolving this will involve:
- reference to the obligations imposed on DPS by the Parliament;
 - reference to the obligations imposed on DPS by the EPBC Act;
 - reference to relevant standard heritage industry guidelines such as the *Burra Charter* (Australia ICOMOS 2000); and
 - seeking advice of relevant heritage experts, the Department of the Environment & Heritage or the Australian Heritage Council (under s5(h) of the *Australian Heritage Council Act 2003*).

If this does not resolve the conflict, a mediation process should be initiated involving relevant heritage conservation experts and the manager/decision-maker(s) proposing the conflicting management actions. The mediator will be the XXX JE or his/her nominee.

7. PROCESSES FOR MONITORING, REVIEWING AND REPORTING ON THE IMPLEMENTATION OF THE DPS HERITAGE STRATEGY

Background

As the Department of Parliamentary Services intends to review its Heritage Strategy and proposed conservation management plan at the same time (ie every three years), the monitoring, review and reporting for the Heritage Strategy and management plan will be undertaken simultaneously.

Strategies

Strategy 7.1 The implementation of the DPS Heritage Strategy will be monitored by:

- annual evaluation of performance reported in the DPS Annual Report. The nature and form of this evaluation will be developed over the first year of operation of the Heritage Strategy, and may include reporting on issues such as:
 - Building Condition Index;
 - Furniture Condition Index;
 - Landscape Condition Index;
 - Design Integrity Index;
 - Art Collection management and maintenance (including maintenance, annual stocktake condition assessment, preventative conservation program and outdoor sculpture program);
 - maintenance and works expenditure on elements of the place with heritage values;
 - referrals made or advice sought under the EPBC Act; and
 - review of the conservation management plan (at three-yearly intervals).

The monitoring and evaluation process will be implemented and overseen by the XXX JE, with key input from XXX.

- annual review of the DPS budget, as it relates to Parliament House operations, and expenditure affecting the conservation of elements of the Parliament House which are of heritage value;
- three-yearly review of the Heritage Strategy (starting 2009), in accordance with ss341ZA(5) and (6) of the EPBC Act, which will monitor and evaluate DPS performance on all elements of the strategy. The review must consider the range of matters specified in s10.03F of the *EPBC Amendment Regulations 2003*. The review will be initiated and directed by the XXX JE. A report on the review will be provided to the Minister for the Environment & Heritage in accordance with the EPBC Act.

Strategy 7.2 This strategy will be subject to its first review in 2009, in accordance with ss341ZA(5) of the EPBC Act. The nature of the review is outlined in Strategy 7.1.

8. THE IDENTIFICATION AND ASSESSMENT OF COMMONWEALTH HERITAGE VALUES IN DPS CONTROL AND MANAGEMENT

8A. THE PROCESS FOR IDENTIFYING AND ASSESSING THE COMMONWEALTH HERITAGE VALUES OF DPS PROPERTY

DPS only controls one property, the Australian Parliament House in Parkes, ACT. It also leases several other properties, including part of West Block and a store in Queanbeyan, but they are not considered to be in the control of DPS within the meaning of the Act.

X The Parliament House is entered on both the Commonwealth Heritage List and National Heritage List [XXX To be confirmed]. In the case of the Commonwealth Heritage List, the area is that within State Circle, and in the case of the National Heritage List, the area is that within Parliament Drive. XXX Confirm boundaries *SAVE OUT!*

X Given these recent listings, no additional process to identify and assess potential Commonwealth Heritage values is considered necessary. In any event, the proposed conservation management plan for the Parliament House will review the existing listings and may suggest some amendments to the formally listed heritage values. This issue will be subject to review each time the plan is formally reviewed in accordance with the EPBC Act.

8B. PROGRAM TO IDENTIFY COMMONWEALTH HERITAGE VALUES

See Section 8a.

9. MANAGEMENT OF COMMONWEALTH HERITAGE VALUES

9A. MANAGEMENT OF THE DPS HERITAGE REGISTER

Background

DPS manages one property with heritage values, the Parliament House. The Heritage Register information for that property, consistent with the EPBC Regulations (10.03G(2)), is maintained as an electronic document by XXX JE. [XXX Refer to the proposed shell document at the end of the strategy]

Strategies

Strategy 9a.1 While the Parliament House remains the only heritage place controlled by the Department of Parliamentary Services (see Section 8 above), the DPS Heritage Register will be maintained as an electronic document, a version of which is accessible to the public. If new places owned or controlled by the Department of Parliamentary Services are identified as having heritage values then separate Heritage Register entries will be created.

Strategy 9a.2 Maintenance of the DPS Heritage Register will be:

- implemented by XXX JE; and
- managed by XXX JE.

Strategy 9a.3 When the conservation management plan is prepared in accordance with the EPBC Act sections 324S and 341S, the DPS Heritage Register data will also be reviewed and updated as necessary.

Strategy 9a.4 The DPS Heritage Register will be made accessible to the public through the Parliament of Australia website. ✓
CORRECT TITLE

9B. DEVELOPMENT OF MANAGEMENT PLANS FOR DPS COMMONWEALTH HERITAGE PLACES

Strategies

Strategy 9b.1 A conservation management plan for the Parliament House will be prepared by 2008. ✓

9C. DPS USE OF HERITAGE PLACES

Background

The Parliament House is actively used for activities related to the functioning of the Parliament of Australia, and DPS undertakes a key support role in these activities. In addition to the sittings of Parliament and office and other facilities for parliamentarians, staff and the media, there are also a range of support facilities for these users as well as visitors. This includes food services, shopping and a Post Office.

Strategies

Strategy 9c.1 The conservation management plan will consider the existing and any proposed uses of the place, and its policies and strategies will be used to resolve any conflict with heritage values.

9D. CURRENT OR EXPECTED DEVELOPMENT, WORKS, DISPOSAL OR OTHER PROPOSALS THAT MAY AFFECT COMMONWEALTH HERITAGE VALUES

Background

DPS has identified a range of proposals that may affect Commonwealth Heritage and National Heritage values. These will be considered in the context of EPBC Act obligations and in the development of the conservation management plan, consistent with the strategies below. Current known proposals are listed at Appendix B.

Strategies

Strategy 9d.1 Current or expected development, works, disposal or other proposals that may affect Commonwealth Heritage or National Heritage values will be considered in the light of EPBC Act obligations, including to seek advice or refer proposals for approval.

Strategy 9d.2 Current or expected development, works, disposal or other proposals that may affect Commonwealth Heritage or National Heritage values will be considered

in the development of the conservation management plan, and any revision of it.

9E. ENSURING THAT COMMONWEALTH HERITAGE VALUES ARE CONSIDERED IN DPS PLANNING FOR FUTURE DEVELOPMENT, WORKS, DIVESTMENT OR OTHER PROPOSALS

Background

The primary vehicle for ensuring the values of Commonwealth Heritage and National Heritage places are considered in planning for future development, works, divestment or other proposals will be the conservation management plan. DPS undertakes works through a scheduled maintenance program and through projects. Some work is undertaken by in-house tradespeople and the remainder is undertaken by contractors.

Proposals may be subject to the formal advice and approvals which are required under the EPBC Act.

The only form of divestment that seems possible is the leasing of parts of the building to third parties.

Strategies

- Strategy 9e.1 The XXX JE will review the 5 and 1 year scheduled maintenance programs, and project orders at a draft stage for proposals which might impact on heritage values of the place, and will apply policies and strategies from the management plan, or trigger strategies 9e.3 and 9e.4, to ensure that Commonwealth Heritage and National Heritage values are given due weight in DPS planning.
- Strategy 9e.2 DPS will review the work order system to ascertain whether the system may be modified to include heritage flags, triggers, decision or approval points, especially relating to particularly sensitive heritage aspects of the Parliament House.
- Strategy 9e.3 The conservation management plan and its revisions will consider Commonwealth Heritage and National Heritage values in planning for future development, works, divestment or other proposals, as needed.
- Strategy 9e.4 If future development, works, divestment or other proposals arise in a case where the conservation management plan provides insufficient guidance, the existing plan will be reviewed and revised to guide the proposal. Where the timeframe for action precludes preparation/revision of the plan (as in the case of emergency stabilisation works), a process paralleling Strategy 6.3 will be followed.
- Strategy 9e.5 If DPS divests by a lease of part of the Parliament House, it will take action to ensure future conservation of the heritage values of the leased area by appropriate means, as required in s341ZE of the EPBC Act.
- Strategy 9e.6 DPS will take no action that has an adverse impact on the place's heritage values unless there is no feasible and prudent alternative and, if there are no

alternatives, then all reasonable steps are taken to minimise the adverse impact, in accordance with s341ZC of the EPBC Act.

Strategy 9e.7 DPS will refer for approval under the EPBC Act any proposal which has, will have, or is likely to have a significant impact on the heritage values of the Parliament House (s28).

9F. PLANNING AND BUDGETING FOR THE MAINTENANCE AND LONG-TERM CONSERVATION OF COMMONWEALTH HERITAGE VALUES

Background

works
1-4
6 Ave (works)
DPS maintains a XXX JE program. At a detailed level, annual capital and maintenance planning will be guided by the proposed conservation management plan. DPS capital and maintenance planning will have to factor in any conservation objectives of the works, as identified in Strategies 9e.1-4, that require funding and planning over and above standard operational needs. Clear identification of maintenance and conservation-related work will assist in the monitoring and reporting of the implementation of the DPS Heritage Strategy.

The annual reporting of funding for maintenance work is dealt with at Strategy 2.3. Monitoring and review of budgets is dealt with in Strategy 7.1.

Strategies

Strategy 9f.1 The conservation management plan will consider and assist maintenance and capital works programming. *documentation*

Strategy 9f.2 Maintenance and capital works involving heritage components of the building will be included in the XXX, and tagged to indicate they relate to components with Commonwealth Heritage or National Heritage values. The works will be costed and prioritised with regard to both their operational and any additional conservation requirements, and a decision taken on the extent of the works that can be undertaken. The program will be prepared under the direction of the XXX JE. Cross-reference to files detailing works will be included in the DPS Heritage Register. *AP ✓*

9G. MONITORING AND REVIEWING DPS SUCCESS IN CONSERVING COMMONWEALTH HERITAGE VALUES

Background

While the EPBC Act and regulations require the review of a Heritage Strategy every three years, and a conservation management plan every five years, the DPS has chosen to combine the review of the two documents, and apply a three-year review period to both. In the first period, the plan will operate for four years to enable alignment with the second review of the strategy in 2012. *2013 Plan 2008 → 2013 (5 year)*

The primary vehicle for monitoring the success in conserving Commonwealth Heritage and National Heritage values will be through the conservation management plan. In particular:

- the requirement for monitoring and reporting on the condition of values in the management plan (EPBC Amendment Regulations, Schedule 7A, clause (h)(ix)); and

- the review of the conservation management plan every 3 years which includes an assessment of the effectiveness of the plan in protecting and conserving values (EPBC Amendment Regulations, Schedule 7A, clause (k) and the DEH draft *Management Plans for Places on the Commonwealth Heritage List, a guide for Commonwealth agencies*, p. 13).

Strategies

- Strategy 9g.1 DPS will introduce annual and three-yearly monitoring of performance in progressing Heritage Strategy and conservation management plan policies and strategies.
- Strategy 9g.2 The results of Heritage Strategy and conservation management plan reviews will be consolidated and reported as part of the periodic report provided to the Minister for the Environment & Heritage on the review of the DPS Heritage Strategy. This will include information about the effectiveness of the documents and processes they promote in protecting and conserving heritage values.

9H. TRAINING AND PROMOTION

Background

DPS will provide its staff and, as appropriate, contractors and lessees with appropriate training in heritage awareness and responsibilities.

Strategies

- Strategy 9h.1 DPS will introduce a heritage awareness and information training program for key staff and, as appropriate, contractors and lessees.
- Personnel occupying the positions directly responsible for heritage matters will receive:
- awareness training by 2007; and
 - in-service training at least every three years;
- providing an overview of Commonwealth Heritage and National Heritage obligations and best practice heritage management.
- Any new personnel moving into these positions will receive awareness training within three months of commencement.
- Strategy 9h.2 Other staff responsible more generally for heritage matters (including the others listed in Table 1) will receive presentations about Parliament House heritage values and responsibilities, and Commonwealth Heritage and National Heritage obligations. This process will be repeated at least every three years (possibly following the reviews of the strategy and conservation management plan). The relevant heritage obligations will be summarised as part of any presentation to the XXX JE seeking decisions impacting on heritage values of the place.
- Strategy 9h.3 A heritage awareness component will be included in general staff induction training for all staff working in Parliament House.

9i. PROGRAM FOR PROMOTING COMMUNITY AWARENESS OF COMMONWEALTH HERITAGE VALUES

Background

The conservation management plan will give primary direction for the interpretation of the significance of the place. Parliament House already has substantial public programs and these may be extended to address this issue.

Strategies

Strategy 9i.1 DPS will recognise as part of its public program activities a strand that presents and interprets to visitors the heritage values of the building. The content of this information may be developed and enhanced on an ongoing basis, and will be reviewed formally with the Heritage Strategy every three years.

10. OTHER MATTERS

10A. MANAGEMENT OF DPS PROPERTY TO COMPLIMENT ADJACENT HERITAGE PLACES

Background

The Parliament House is adjacent to the heritage listed *Parliament House Vista* which includes the Parliamentary zone and it has a special planning and landscape relationship with the Land Axis and Old Parliament House.

The policies in the conservation management plan should ensure that the building and immediate surrounds under the control of the Department of Parliamentary Services will maintain their integrity and condition as built elements complimenting the adjacent heritage area. A similar obligation lies with the National Capital Authority to ensure that the management of the adjacent area respects the surrounding heritage values including those related to Parliament House.

Strategies

Strategy 10.1 DPS will consider the impact of decisions concerning the place on adjacent heritage values. The impact of external works, maintenance and ancillary activities and support structures will be assessed with these adjacent values in mind.

Strategy 10.2 DPS will liaise with the National Capital Authority to encourage appropriate complimentary management of the surrounds and setting of the Parliament House to conserve the heritage values of both the Parliament House and the Parliamentary zone.

APPENDIX A: COMMONWEALTH & NATIONAL HERITAGE MANAGEMENT PRINCIPLES

The following *Commonwealth Heritage Management Principles* are drawn from Schedule 7B of the regulations to the EPBC Act.

1. The objective in managing Commonwealth Heritage places is to identify, protect, conserve, present and transmit, to all generations, their Commonwealth Heritage values.
2. The management of Commonwealth Heritage places should use the best available knowledge, skills and standards for those places, and include ongoing technical and community input to decisions and actions that may have a significant impact on Commonwealth Heritage values.
3. The management of Commonwealth Heritage places should respect all heritage values of the place and seek to integrate, where appropriate, any Commonwealth, state and territory and local government responsibilities for those places.
4. The management of Commonwealth heritage places should ensure that their use and presentation is consistent with the conservation of their Commonwealth Heritage values.
5. The management of Commonwealth Heritage places should make timely and appropriate provision for community involvement, especially by people who:
 - (a) have a particular interest in, or associations with, the place, and
 - (b) may be affected by the management of the place.
6. Indigenous people are the primary source of information on the value of their heritage and the active participation of Indigenous people in identification, assessment and management is integral to the effective protection of Indigenous heritage values.
7. The management of Commonwealth Heritage places should provide for regular monitoring, review and reporting on the conservation of Commonwealth Heritage values.

The following *National Heritage Management Principles* are drawn from Schedule 5B of the regulations to the EPBC Act.

1. The objective in managing National Heritage places is to identify, protect, conserve, present and transmit, to all generations, their National Heritage values.
2. The management of National Heritage places should use the best available knowledge, skills and standards for those places, and include ongoing technical and community input to decisions and actions that may have a significant impact on their National Heritage values.
3. The management of National Heritage places should respect all heritage values of the place and seek to integrate, where appropriate, any Commonwealth, State, Territory and local government responsibilities for those places.
4. The management of National Heritage places should ensure that their use and presentation is consistent with the conservation of their National Heritage values.

5. The management of National Heritage places should make timely and appropriate provision for community involvement, especially by people who:
 - (a) have a particular interest in, or association with, the place; and
 - (b) may be affected by the management of the place.
6. Indigenous people are the primary source of information on the value of their heritage and the active participation of indigenous people in identification, assessment and management is integral to the effective protection of indigenous heritage values.
7. The management of National Heritage places should provide for regular monitoring, review and reporting on the conservation of National Heritage values.

DPS HERITAGE REGISTER

This document is the shell for the Heritage Register. Once the Commonwealth and National Heritage citations are finalised, they can be used to fill in many of the sections below, as indicated. In other cases, information will be provided by DPS. In a few cases, the suggested text is provided.

- (a) **A comprehensive description, and a clear plan showing the name and location, of each place that has Commonwealth Heritage values**

Insert text from final CHL/NHL citations.

Insert plan.

- (b) **A discrete heritage place identification number for each place**

Suggest Number 1.

- (c) **Details of ownership, leases, licences, rental or other tenure arrangements, as applicable**

Commonwealth of Australia.

List any leases, licences, rental or other tenure arrangements.

- (d) **A summary description of the significant physical characteristics and elements of the place**

Insert text from final CHL/NHL citations.

- (e) **A sequential summary of the use of the place**

The Parliament House has been used since 1988 as the home of the Parliament of Australia.

- (f) **A statement of significance for the place, identifying its heritage values and specifying any that are Commonwealth Heritage values**

Insert text from final CHL/NHL citations.

- (g) **A record of any other heritage listings, providing relevant register numbers**

Commonwealth Heritage List 105737
National Heritage List 105740

- (h) **A record of the date and nature of any works, maintenance or other activity at the place that is relevant to conservation of its heritage values**

XXX JE

(i) A specification of any property or information access restrictions or requirements

While Parliament House is a public building attracting many visitors, there are a range of security issues related to both the building and information. Access to the building is subject to security controls and there are a number of more secure areas including the Chambers, committee rooms and office areas to which the public is not granted free access. Access to external areas is also subject to a range of controls.

Information about the Parliament House building is held by Departments of the Parliament, especially the Department of Parliamentary Services. These Departments are similar to Government agencies in that some information about their activities must be reported and publicly available while other information is subject to restrictions.

(j) An outline of any consultation requirements relating to the place

Refer to the DPS Heritage Strategy, Sections 4 and 5.

(k) A list of relevant conservation documents or references

Australian Construction Services 1995, Parliament House, Design Integrity and Management of Change, unpublished report prepared for the Parliament.

Berg, P 2004, The Architect's Design Intent for Parliament House Canberra: Central Reference Document, unpublished, prepared on behalf of MGT Architects for the Department of Parliamentary Services.

(l) A record of when information has been updated

Insert as information is first included and then update as information updates happen.

(m) Cross references to: (i) Agency place records of any objects that are significant by association with the place, indicating their current location

Insert based on information in final CHL/NHL citations. Presumably the Art Collection records may be one such reference. > ?

(m) Cross references to: (ii) Archived records of particular importance to the heritage values of the place.

Insert based on information in final CHL/NHL citations. Given the relatively recent nature of the building, it is not clear whether any such records will exist in an archive. However, depending on the heritage values, construction records may be one such category, if indeed these have been archived.
