

## **QUESTION TAKEN ON NOTICE**

**ADDITIONAL ESTIMATES - 25 FEBRUARY 2014**

IMMIGRATION AND BORDER PROTECTION PORTFOLIO

**(AE14/068) PROGRAMME – 4.3: Offshore Asylum Seeker Management**

Senator Hanson-Young (L&CA 91) asked:

Senator HANSON-YOUNG: Could you please get back to us before the evening is out as to when the phones and internet were turned off?

Mr Bowles: If at all possible, we will. Otherwise, it will be part of the internal review that will determine the accurate details of some of those things. I said earlier—I think it was in response to a question of yours about the power—that it will be in the same sort of context, because when the power goes down it knocks everything out. So there are all those sorts of issues. I am happy to take that on notice and I am happy to give you what information I can, but a lot of this will be determined through the independent review.

*Answer:*

The telephone and internet was not turned off at any time but the telephone and computers were damaged during the disturbances.
