Senator Hurley asked:

How was the CSS funding distributed among the emerging communities in 2003-04 and 2004-05?

Answer:

In 2003-04, \$14.4m was provided to organisations funded under the Community Settlement Services Scheme (CSSS) to deliver settlement services. It is not possible to provide an exact breakdown of funding distributed to small and emerging communities as CSSS projects can be cross-classified across the following categories: Refugee and Humanitarian; Small and Emerging; Rural and Remote and Additional Needs.

Attachment A provides a full list of organisations that were funded in 2003-04.

In 2004-05, \$19.5m was provided to organisations funded under the CSSS to deliver settlement services. As stated above, it is not possible to provide an exact breakdown of funding distributed to small and emerging communities as CSSS projects can be cross-classified across the following categories: Refugee and Humanitarian; Small and Emerging; Rural and Remote and Additional Needs.

Attachment B provides a full list of organisations that were funded in 2004-05.
