SUPPLEMENTARY BUDGET ESTIMATES HEARING: 1 November 2005

IMMIGRATION AND MULTICULTURAL AND INDIGENOUS AFFAIRS PORTFOLIO

(188) Output 2.1: Settlement Services

Senator Hurley asked:

In the 2003 -2004 edition of *Population Flows* published by the Migration branch of DIMIA page 98, it is stated that the remaining funding from the \$14.4 million was aimed at assisting migrants with additional specific settlement needs.

- How much was the exact remaining fund?
- Who are the beneficiaries of this fund?
- Can you provide a detailed account of how the funding was spent?

Answer:

In 2003-04 there was total funding of \$27.1 million provided to Migrant Resource Centres/Migrant Service Agencies (MRCs/MSAs) and to organisations funded under the Community Settlement Services Scheme (CSSS). Of the \$27.1 million, \$14.4 million was provided to organisations to deliver CSSS grants.

The “remaining funding” mentioned in the 2003-04 edition of *Population Flows* referred to the assisting of migrants with additional specific settlement needs, including those from established communities, whose needs could not be adequately addressed by mainstream services.

It is not possible to provide an exact breakdown of these funds as projects could be cross-classified against the categories of refugee and humanitarian entrants, small and emerging communities, migrants living in rural and remote communities and migrants with additional, specific settlement needs that are not addressed by the previous groups. As such, the funding breakdown is indicative only.

The attached table lists all beneficiaries (organisations) which were funded in 2003-04 and the details of the projects.
