SUPPLEMENTARY BUDGET ESTIMATES HEARING: 30 October 2006

IMMIGRATION AND MULTICULTURAL AFFAIRS PORTFOLIO

(67) Output 1.1: Migration and Temporary Entry

Senator Crossin asked:

These questions relate specifically to information in respect of the Northern Territory:

1. How many businesses are approved as Standard Business Sponsors in the NT? Please provide a list of these and their addresses.
2. Can you also provide a list of how many positions each business has applied for and the nature and type of those positions?
3. How many businesses in the NT have applied for approval under this scheme and then sought to lessen the number of positions wanted. What are the names of these businesses?
4. And how many business in the NT have had their application rejected? Can you provide the names of these businesses?

Answer:

1. 146 sponsorships from 141 businesses were approved in 2005-06 where the business had a business, postal and/or residential address in the Northern Territory. The name of the business and the address is shown in the attached table.
2. The attached table shows the number of positions approved under each sponsorship. Businesses with more than one sponsorship have a separate row in the table for each sponsorship. The nature and type of those positions is not recorded in a manner which allows for easy extraction of this information. It would require an unreasonable diversion of resources to provide that information.
3. 6 sponsorships involving 6 businesses had a nomination ceiling recorded which was subsequently revised downwards on or before the date of approval of the sponsorship. The sponsorships where this occurred are indicated on the attached table. It is not possible to identify any instances where a reduction occurred prior to the nomination ceiling being initially recorded.
4. No sponsorships were refused in 2005-06 where the business had a business, postal and/or residential address in the Northern Territory.
