Dear Minister

You may recall I mentioned he proposal of a feasibility study when I appeared before the recent Senate Estimates hearings. I am pleased to submit the proposal to you now and some background information.

The proposal is recommending that some of surplus funds collected from Migration Agents Registration fees be set aside for the purpose of protecting consumers through a Fidelity Fund managed by the Commonwealth Government.

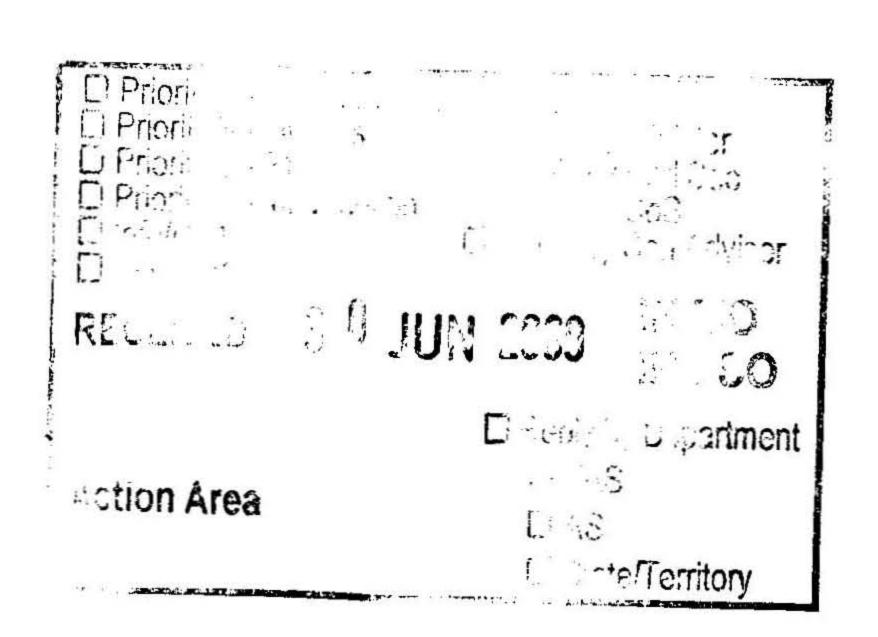

A full explanation is contained in the attached letter and the feasibility proposal.

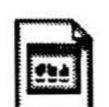

The MIA believes that it is most timely to consider this option before any funds collected by the Migration Agents Registration Authority (MARA) are dispersed. As you know, there is a considerable surplus held by the MIA for the MARA.

I would welcome the opportunity to discuss this proposal with you and or your staff at a time of your convenience, during the period of final transfer of matters under the Deed of Agreement.

With Kind Regards,

Maurene Horder
