Protective Mark

[REDACTED]

Cathy Edwards phoned me yesterday with some complaints regarding YHIDC.

1) She would like a copy of the dilapidation report of their house/property that was commissioned by DIAC. She said that she had made many requests for a copy previously. (The report was carried out on 28 March 2011).

2) She said that construction work was starting at 06:30 and should not begin before 07:00.

3) That "John Hollands" are using her driveway to turn vehicles around, and are causing damage to the driveway. Also that traffic management signs are placed in a position that impedes Edwards' access to/from their driveway.

Can your team please check her concerns with the contractors ?

Is it possible to provide the Edwards with a copy of the dilapidation report ?

[REDACTED]

Ms Edwards also demanded that Minister Bowen visit them at their home.

She also said that they provided all the property valuations that DIAC requested and that DIAC still won't buy their home.

Repeated their concerns about fires and riots at YHIDC and that they would have to put up with lights and noise and that no one would want to purchase their property and that they are stuck there.

Claimed that YHIDC was going to hold six thousand clients.

Ms Edwards said words to the effect that she was "giving you 7 days to provide the dilapidation report and if I don't have it by then I am going to the media".

I told Ms Edwards that I would:

- 1) seek a copy of the dilapidation report for her
- 2) tell our project managers about her concerns about the building work start times and the use, damage, and blocking of her driveway.
- 3) let her know the outcomes of my enquiries.

Regards
