

SENATE STANDING COMMITTEE ON LEGAL AND CONSTITUTIONAL AFFAIRS  
SCREEN AUSTRALIA

**Question No. 6**

**Senator Singh asked the following question at the hearing on 18 November 2013:**

**Senator SINGH:** Lastly, I wonder whether you could provide any kind of breakdown in the last 12 months, let us say, of the range of productions—when I say 'range', I am thinking of various genres like documentary, drama and the like that Screen Australia has supported or promoted—and from which states those productions came.

**Mr Mason:** Obviously we aim to represent stories and people from throughout the country and across various genres. That is a big mantra for us. We will take it on notice and give you a full breakdown of those that we have supported over the last 12 months.

**Senator SINGH:** Thank you. That is much appreciated.

**The answer to the honourable senator's question is as follows:**

Title of projects approved for production investment in FY 2012-13	Type	State of origin of applicant
